200 Mero Street
Frankfort, Kentucky 40601

Rebecca Goodman
SECRETARY

TO: All Prequalified Contractors

FROM Rachel Mills, PE
Director, Construction Procurement

DATE: November 17, 2026

SUBJECT: Upcoming Enhancements to the Electronic Bidding Process

The Kentucky Transportation Cabinet (KYTC), Division of Construction Procurement, is pleased to announce upcoming enhancements to the electronic bidding process. These enhancements are intended to increase efficiency and provide a more streamlined experience for approved bidders.

The Division will implement enhanced bidding workflows through Bid Express (Bidx.com). With this transition, bidders will be able to prepare and submit bids directly through a web browser, eliminating the need to install and maintain separate bidding software, including AASHTOWare Project Bids™.

Additional information and resources, including a transition timeline and implementation details, will be provided in the coming weeks to help contractors prepare for a smooth transition.

For questions regarding the electronic bidding process, please contact Sheree O'Neal at **Sheree.ONeal@ky.gov** or Willie Roberts at **Willie.Roberts2@ky.gov**. For technical assistance, please contact Jonathan Cordier at **Jonathan.Cordier@ky.gov** .
