

Information for Toll Integrator RFP Proposers

Today, the Joint Board issued the fourth addendum of the Toll System Integrator RFP with respect to the Roadside/Back Office tolling component. This addendum is for clarification purposes only. Section 5.1.1.2 has been amended to clarify that price and technical scoring may happen simultaneously, but in a manner such that price and technical scoring will happen independently and be performed by separate teams. This addendum does not alter the rights or responsibilities of proposers in any way.
