Transportation Improvement Program FY 2019-2024  
Administrative Modification #7**

**ACTION:** The Owensboro-Daviess County Metropolitan Planning Organization hereby modifies the FY 2019-2024 Transportation Improvement Program (TIP). This modification reflects a change in the funding for the project from SPP (State Project, High Priority) to STP (Surface Transportation Block Grant Program) for Design, Right-of-Way, Utility and Construction phases. Because of this change in funding, the project is moving from the TIP's Informational Supplement to the Federally Funded Projects list.

**ITEM NO.:** 02-229

**DESCRIPTION:** Reconstruct Intersection at Fairview Drive (KY 3143) and KY 298.

**SCOPE OF WORK:** Safety Improvement

**PHASE:** Design, Right-of-Way, Utility, Construction

**TYPE OF FUND:** STP

**FY:** 2021

**AMOUNT:** \$4,430,000

**OTHER INFORMATION:** This project is a project type identified in the Grouped Projects table of the TIP (Intersection Improvements for Safety or Efficiency); therefore, a TIP Amendment is not necessary. A listing of Grouped Projects has been included in the TIP, allowing planning process stakeholders and the general public to be informed of the types of potential projects that may be added to the TIP and the Metropolitan Transportation Plan (MTP) by Administrative Modification. TIP actions for these types of projects will not require additional public review. The addition of specific projects from the Grouped Projects table involves an additional commitment of funding for the projects by the project sponsor (Kentucky Transportation Cabinet). The additional funding maintains the fiscal constraint of the TIP and MTP documents and no additional financial constrain analysis by the MPO is needed.

The modified 2019-2024 TIP tables are included with this document.

Approved
