Bill Norton	PC Sports	Rick Younce	KTC
Teresa Daniel	KOPS, Inc.		

A. Pre-Bid Conference

The meeting was convened at 1000 A.M (Eastern Time) by Tom Mathews of KYTC Central Office.

Question and Answer

Q: Byron Ogger from Intech Contracting asked if there would be any other permits needed other than traffic control.

A: Josh Rogers stated no. Tom Mathews stated if there are other permits needed it is the contractor's responsibility to get those permits.

Q: Nick Frangopoulos from Vimas Painting Co., Inc. asked if there are any restrictions for weekend work.

A: Tom Wright stated there are no restrictions other than they can only work one side at a time.

Q: Don Thornberry from T & C Contracting stated that there is a lot of conflict between the two jobs in the way that they are specified that will be going on at the same time on the bridge. He then asked what kind of coordination would take place to resolve the differences.

A: Bill Norton stated that work would be done working from Main St. going north. He also stated that there would be meetings between the two contractors to coordinate the two jobs.

Q: Don Thornberry from T & C Contracting asked once a sidewalk is removed and there are only ten foot lanes, how do they protect someone from going off of the bridge.

A: Tom Wright stated there would be an addendum for the traffic control on the bridge itself concerning permanent lane closures and it would be posted on the website.

Q: Steve Harp from Judy C. Harp Co. asked what the second street contract consists of.

A: Bill Norton stated that the project consisted of redoing the whole street from Main to River Road.

Q: Steve Harp from Judy C. Harp Co. asked who was letting that project.

A: Bill Norton stated it is Louisville Metro.

Q: Steve Harp from Judy C. Harp Co. asked how long they expected this project to take.

A: Bill Norton stated it would be finished by October 10th.

Q: Steve Harp from Judy C. Harp Co. asked if they could work one side at a time.
A: Bill Norton stated they would have to.

Q: Don Thornberry from T & C Contracting asked if there was a possibility of lead paint.
A: Tom Mathews stated yes.

Q: Steve Tirikos from Panther Ind. Painting, LLC asked what the completion date for this project is.
A: Tom Mathews stated October 1st.

Q: Steve Tirikos from Panther Ind. Painting, LLC asked since the other project has a completion date of October 10th is the painting going to get pushed into November.
A: Tom Mathews stated no, that the completion date is October 1st.

Q: Mike Baase from KYTC asked from a safety stand point is it feasible to be working on removing and demolishing steel above where another contractor is working below.
A: Josh Rogers stated that if they were working on the west side truss then the other contractor would have to be working on the east side street.

Q: Mike Kalouris from M.I.K. stated that they would not be able to get in there and do their work because they would have to wait on the other contractor to finish their work.
A: Bill Norton stated that it would have to be a collaborated effort by both contractors to coordinate the two projects.

Q: Josh Rogers from KYTC asked if the other project was requiring a project work schedule submittal.
A: Bill Norton stated yes.

Q: Mike Baase from KYTC asked when the pre-bid meeting for the other project was.
A: Bill Norton stated March 22nd.

Q: Mike Baase from KYTC asked when the lettings for these projects were.
A: Bill Norton stated for the Second St project it is March 31st Tom Mathews stated for the bridge repairs and painting it is March 26th.

Q: Nick Frangopoulos from Vimas Painting Co., Inc. asked if neither project takes precedent then which one is liable for liquidated damages when the project is not finished on time.
A: Bill Norton stated both contractors.

Q: Mike Kalouris from M.I.K. asked what are the chances of combining these projects and having one contractor own this project and be responsible for all coordination.

A: Josh Rogers stated that the bridge repairs are a state funded project while the other project is a federal funded project and there would be no way to combine them into one project.

Meeting was adjourned at approximately 10:30 AM.

Minutes submitted by: Rick Younce

Approved by: Tom Mathews
