TO: All Contractors

FROM: Ryan Griffith, P.E. *RCG*
Acting Director
Division of Construction Procurement

DATE: April 29, 2013

SUBJECT: New Prequalification Work Item
High Friction Surface Treatment

The following prequalification work item has been established:

J88 – High Friction Surface Treatment

This work item will be required to install high friction surface treatment as outlined in plans and proposals.

Contractors desiring to add this work item will need to send a request letter providing details of experience in high friction surface treatment installation. Contractors will also need to provide documentation showing ownership or the ability to rent equipment to install the high friction surface treatment.

If you have any questions or need additional information, please contact the Division of Construction Procurement at (502) 564-3500.
