SUBJECT: Ohio River Bridges Project
Contractors Information Exchange

To help firms interested in becoming part of the Louisville-Southern Indiana Ohio River Bridges Project, a web-based resource has been created for contractors of all types to be able to share and exchange basic company information. Prime contractors and subcontractors interested in participating in the construction can post information or gain contact information for other firms. Go to www.kyinbridges.com and view the right column labeled "Contractors Information Exchange" for more information.

If you have any questions or need additional information please contact the Division of Construction Procurement at (502) 564-3500.
