An Equal Opportunity Employer M/F/D

**SPECIAL NOTE FOR
ASPHALT MILLING AND TEXTURING**

Begin paving operations within **48 hours** of commencement of the milling operation. Continue paving operations continuously until completed. If paving operations are not begun within this time period, the Department will assess liquidated damages at the rate prescribed by Section 108.09 until such time as paving operations are begun.

Contrary to Section 408, the Department will retain possession of a portion of the material obtained from the milling operations. Deliver **1,000 tons** of this material to the State Maintenance facility in Meade County. The Contractor will take possession of the remaining materials and recycle or dispose of the materials off the Right-of-Way at sites obtained by the Contractor at no additional cost to the Department.

NOTICE TO CONTRACTOR: The Department considers transfer of millings to the state maintenance facility to be a part of the construction project, therefore truck operators are subject to receiving prevailing wages.
