

KYTC Estimator 2.13a Configuration

Start Estimator but do not open an estimate.

Click Other Tools then select Global Options.

In the Estimator Options change the settings to match the following images.

Estimator Options

Tree/Field Labels	Catalog	Verifications
General	Numeric/Rounding	URLs Internet Proxy

New Estimate Unit Price Rounding Level: Cents 0.01\$

New Estimate Extended Amount Rounding Level: Cents 0.01\$

New Estimate Quantity Rounding Level: Hundredths of Unit

Line Number Start: 0005 Line Number Increment: 1

Group Number Start: 0001 Group Number Increment: 1

☐ Increment Line Number Start by Group Number

The screenshot shows the 'Estimator Options' dialog box with the 'Internet' tab selected. The 'Internet Data Download' section contains the following fields and options:

- URL:
- Username:
- Password:
- ☒ Automatically Search for Catalog Updates on Startup
- Download Folder:

At the bottom of the dialog are buttons for 'OK', 'Cancel', 'Apply', and 'Help'.

The URL is <http://transportation.ky.gov/Highway-Design/Estimator/>

Leave the username and password blank.

* The link above works for KYTC personnel only. Consultants should check the KYTC Software and Support web page for the latest Estimator catalog at:

<http://transportation.ky.gov/Highway-Design/Pages/Software-and-Support.aspx>
