Concerning Old Floydsburg Road Safety Improvements, Item No. 5-494.00
THURSDAY, February 25, 5:30 – 7:00 p.m.**

Pewee Valley Town Hall

312 Mount Mercy Drive

Pewee Valley, KY 40056

An informal meeting format will be used.

(stop by anytime between 5:30 p.m. and 7:00 p.m.)

This meeting is to get input from the public about the Old Floydsburg Road Safety Improvement project. The purpose of this project is to realign 700' of Old Floydsburg Road to improve safety concerns near the 6300 block. Old Floydsburg Road, in the vicinity of the project limits, has significant geometric deficiencies, including but not limited to, steep slopes and sharp curves. These factors, combined with the narrow roadway, create an unsafe condition for traveling motorists.

Handouts containing information about the project, comment sheets and displays will be available at the meeting. Representatives from the Kentucky Transportation Cabinet, the Oldham County Engineer, and DLZ (consulting engineers) will be available to answer questions. Written and oral comments will be accepted during the meeting.

Written comments will be accepted, and information made available, up to 15 days after the meeting by contacting Oldham County Engineer at the address below. Written and oral comments from this meeting will become a part of the official record for the project. Once compiled, the meeting record will be made available for review and copying only after an Open Records Request has been received and approved. All Open Records Requests must be submitted to the Kentucky Transportation Cabinet, Office of Legal Services, Kentucky Transportation Cabinet, 200 Mero Street, Frankfort, Kentucky 40622
