Marshall Mix Design List Window Description

The Marshall Mix Design List window displays Marshall Mix Designs for selected Effective Dates, Approved Dates, Material Codes, and Producer/Supplier Codes.

Procedure

The Kentucky Transportation Cabinet will not use this window at this time.

Field Table

Field Name	Description	KYTC Population Policy & Procedure
Mix ID	The ID for the Marshall mix.	KYTC will not use this window at this time.
Material Code	The transportation agency-defined ID for a material. This is the material code for the Marshall mix.	KYTC will not use this window at this time.
Material Full Name	The full name of the selected material.	KYTC will not use this window at this time.
Producer Supplier Code	The transportation agency-defined ID for a source/location of the material. Producer/Supplier Code must have an active status on the Producer Supplier table, when entered.	KYTC will not use this window at this time.
Producer Supplier Name	The full name of the selected Producer Supplier.	KYTC will not use this window at this time.
Designer Name	The name of the designer responsible for the Marshall mix.	KYTC will not use this window at this time.
Mix Type	This describes the type of mix design (e.g., A, D, etc.)	KYTC will not use this window at this time.
Effective Date	Effective date for the Marshall mix. Defaults to current date when a new Marshall mix is entered.	KYTC will not use this window at this time.
