

Information for Toll Integrator RFP Proposers

The Joint Board is extending the due date for proposals on the Roadside/Back Office tolling component of the Toll System Integrator RFP to July 1st, 2013. In addition to this two week extension, the Joint Board has posted responses to all industry questions received to date as well as the second addendum to the RFP. Information not contained in the second addendum will be included in a third addendum to be posted as soon as practicable. The Joint Board appreciates your patience and encourages proposers to continue to engage Ryan Griffith to address remaining questions.
