Kentucky Transportation Cabinet
Statewide Transportation Planning Program
2015 Rural Consultation Survey

Table of Contents

Introduction

CFR 450.210a requires all States to consult with and consider the concerns of non-metropolitan officials when making transportation decisions in their Statewide Transportation Planning and Programming processes. CFR 450.210b requires all States to consult with non-metropolitan officials regarding the effectiveness of the consultation process and any suggested modifications and report findings every 5 years as of February 24, 2006.

Kentucky's Rural Consultation Process

All States are required to have a documented and implemented consultation
process with local officials in place. In 1995, Kentucky established a formal Regional Transportation
Planning Program with the State's fifteen Area Development Districts (ADDs). This Program
relies heavily on the participation and involvement of local officials. The roots of this Program
date back to 1975 when the Cabinet first engaged the ADDs in the development of Regional
Transportation Plans. In 1989 the Cabinet circulated the first Unscheduled Projects List (UPL)
for prioritization. A brief overview of the ADDs Regional Transportation Planning Program can
be found at the following address http://transportation.ky.gov/Planning/Pages/Regional-Planning.aspx
as well as in Kentucky's current Statewide Transportation Improvement Program (STIP).

Effectiveness of the Rural Consultation Process

The Kentucky Transportation Cabinet solicited comments and suggestions, for
a period of 60 days from 572 Regional Transportation Committee members including
Mayors and Judge Executives and other local officials in non-metropolitan counties and
urban areas on the effectiveness of the Regional Transportation Planning Program.
This occurred from October 15, 2015, to December 18, 2015. Additionally, the Cabinet
invited comments from the Kentucky Association of Counties, Kentucky Council of
Area Development Districts, Kentucky League of Cities and the Executive Directors of the
Area Development Districts. To measure the effectiveness of the planning program, the
Cabinet prepared a survey consisting of 24 questions with a focus on the following issues:

- Awareness, understanding and participation in the Area Development District Regional Transportation
  Planning Program

- Understanding and presentation of transportation issues and project priorities to the
  Kentucky Transportation Cabinet by the Area Development District program

- Performance and availability of the Area Development District Transportation Planner

- Performance of the Cabinet's Programming processes in the areas of consideration,
  decision-making, communications and access to decision makers.

Counties represented

Survey opened: October 15, 2015

Survey closed: December 18, 2015

Since 1995 the Kentucky Transportation Cabinet (KYTC) has enjoyed a relationship and contracted with the Area Development Districts (ADDs) for the purpose of rural consultation in the form of two-way communication with local and regional officials. This consultation process is achieved through the ADDs' facilitation of regular meetings of their Regional Transportation Committees (RTCs). The RTCs are comprised of Mayors, County Judge Executives, locally elected officials and other interested parties. These RTCs function as a means to identify and discuss highway improvement needs relevant to each ADD, city and county in the rural region.

KYTC is administering a survey to gauge the level of success this consultation process has achieved and needs your input. The survey will be available at the following link from October 15, 2015 through December 18, 2015:
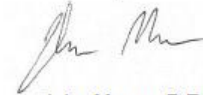

https://www.surveymonkey.com/r/KYTC_Rural_Consultation_Survey

Please contact me if you have any questions, require a hard copy format of the survey or need other reasonable accommodations related to this request. I can be reached at (502) 564-7183.

Thank you in advance for your time and candor.

Sincerely,

John Moore, P.E.
Director, Division of Planning

KENTUCKY TRANSPORTATION CABINET
Division Of Planning

Q1: Are you a member of the Regional Transportation Committee?

Answered: 186   Skipped: 0

Answer Choices	Responses	
Yes	80.11%	149
No	12.37%	23
Unsure	7.53%	14
Total		186

Q2: Which of the following best describes your reason for interest in the Regional Transportation Planning Committee?

Answered: 186   Skipped: 0

Answer Choices	Responses	
Locally elected Official (Judge Executive, Mayor etc.)	46.24%	86
Industry representative/Economic Development	9.14%	17
Multimodal interest (Air, Rail, Waterways, Bicycle, Pedestrian, etc.)	7.53%	14
Public Service (Police/Fire/EMS, Transit, School, etc.)	29.57%	55
Consumer advocate (ADA, Minority, etc.)	2.69%	5
General Public	4.84%	9
Total		186

Q3: How long have you been involved with the Regional Transportation Committee?

Answered: 186   Skipped: 0

Answer Choices	Responses	
Less than 6 months	**8.60%**	16
At least 6 months but less than 1 year	**13.98%**	26
At least 1 year but less than 3 years	**15.59%**	29
At least 3 years but less than 5 years	**15.05%**	28
5 years or more	**46.77%**	87
Total		**186**

Q4: How often have you attended Regional Transportation Committee meetings?

Answered: 186   Skipped: 0

Answer Choices	Responses	
Never	**11.29%**	21
1/4 of scheduled meetings	**13.44%**	25
1/2 of scheduled meetings	**11.29%**	21
3/4 of scheduled meetings	**29.03%**	54
Always	**34.95%**	65
Total		**186**

Q5: How convenient are the Regional Transportation Planning Committee meeting locations for you?

Answered: 186   Skipped: 0

Answer Choices	Responses	
Extremely convenient	**18.82%**	35
Very convenient	**41.94%**	78
Moderately convenient	**30.65%**	57
Slightly convenient	**5.38%**	10
Not at all convenient	**3.23%**	6
Total		**186**

Q6: Do you believe you have been given an adequate opportunity to participate in the Regional Transportation Committee?

Answered: 173   Skipped: 13

Answer Choices	Responses	
Strongly Agree	49.71%	86
Agree	42.20%	73
Disagree	2.31%	4
Strongly Disagree	0.58%	1
Unsure	5.20%	9
Total		173

Q7: Overall, how responsive has the Regional Transportation Planning Committee been to your questions or concerns about highway improvement needs in your area?

Answered: 173   Skipped: 13

Answer Choices	Responses	
Extremely responsive	31.21%	54
Very responsive	50.29%	87
Moderately responsive	11.56%	20
Slightly responsive	2.31%	4
Not at all responsive	1.16%	2
Not applicable	3.47%	6
Total		173

Q8: Overall how satisfied are you with the Regional Transportation Planning Committee?

Answered: 173   Skipped: 13

Answer Choices	Responses	
Extremely satisfied	**50.29%**	87
Moderately satisfied	**35.84%**	62
Slightly satisfied	**4.05%**	7
Neither satisfied nor dissatisfied	**7.51%**	13
Slightly dissatisfied	**0.58%**	1
Moderately dissatisfied	**0.58%**	1
Extremely dissatisfied	**1.16%**	2
Total		**173**

Q9: What changes would most improve the Regional Transportation Planning Committee?

This question allowed for user entered responses. 73 respondents offered extra insight. These responses were broken into the following categories for further consideration: Education, Funding, Location, Participation, Process, Topics. 33 respondents offered comments indicating the current Rural Consultation Process functions well as is.

Funding:
1. More assistance in Secondary Roads
2. Planning and prioritizing projects when we know there is no money budgeted for the projects.
3. More funds.
4. The one thing that would help is if they had more money to work with on projects that are very badly needed in the area.
5. More in-depth real conversations versus high level broad discussions of funding.

Education:
1. Educational training for members to become better informed. (TRANSPORTATION COMMITTEE EDUCATION TRAINING FOR DUMMIES LIKE ME)
2. The elected officials need to be more educated in how the highway plan comes to fruition. Elected officials come and go so the committee loses some educated officials every election cycle.
3. If the RTPC would be provided metrics for use by planners; e.g., routinely provide accident rates and average daily traffic counts by KYTC.

Q9: What changes would most improve the Regional Transportation Planning Committee? (cont.)

Topics:
1. More options in planning meetings
2. From time-to-time I would like to hear more discussion about PUBLIC TRANSPORTATION including local bus, intercity bus, passenger rail, and commercial air transportation in my ADD.
3. Maybe more info. and hand outs on local road projects in the development district
4. update on bridges and I-69 completion
5. more frequent updates on plans and projects
6. Projects that would improve traffic movement and safety

Location:
1. I wish they were not so far away as the ADD office is 2 hours away.
2. Maybe have localized meetings (one per month with a different County) with Counties and then have a quarterly meeting that brings every one back together to understand how we all are connected with various projects.
3. Move the meetings around in the GRADD area.
4. Local meetings in each county
5. alternate the counties for meeting locations.
6. I think (name removed) does a great job in keeping the committee informed of upcoming projects and activities. I think it would be viable to visit project locations if time allowed.

Q9: What changes would most improve the Regional Transportation Planning Committee? (cont.)

Participation: 1. More participation
2. Standing meeting dates
3. The current system works well. It does seem as there is a great time gap between meetings. Meetings should be at least 3 per calendar year.
4. More participation would help the committee.
5. The process works well. Having legislators on the committee might help emphasize local needs.
6. Have regular meetings that do not get canceled. E-Mail updates on projects with in each of our counties before the larger meeting.
7. More participation from Road Departments

Q9: What changes would most improve the Regional Transportation Planning Committee? (cont.)

Process:

1. Simplify the process
2. The current approach makes it difficult for members from disconnected parts of the region to adequately assess the needs from other areas. For example, I would have no basis for evaluating a road project in a county that I never traveled in nor had a knowledge of. My sole reliance is on the opinion of those in that county/city. Therefore, I'm unsure of the value I add to any discussion relative to a project not in my community/area.
3. The most interesting responsibility of the committee to me, is the prioritizing of local highway projects. However, as we go from individual county priorities to district-wide rankings, I believe much more weight should be given to KYTC and ADD staff recommendations since they have more comprehensive and unbiased knowledge of needs within the development district as a whole.
4. As a new mayor, a briefing how the RTPC and the KTC would be very helpful.
5. More input on multi-modal projects
6. Increased attention to the economic development aspects of transportation
7. Prioritized the roads in a better manner.
8. More lead time to study issues before decisions are made
9. Suggested Priority Projects completed before adding new projects to the priority list.
10. It is frustrating that the end results are often ignored by the Legislature
11. A clearer definition of regional, and not address internal city projects with a regional group, the process needs to define projects based on there regional impact and needs.
12. The one thing that I believe would improve the RTPC is to have progress shown on roads that receive the top rankings for the district. It seems that we have had roads or projects that are consistently the top priority in the ADD area that never have been worked on at all. That becomes very discouraging as a Committee member knowing that going through the prioritization process apparently means nothing.

Q10: What would make you more likely to participate in the Regional Transportation Planning Committee?

This question allowed for user entered responses. 68 respondents offered extra insight. These responses were broken into the following categories for further consideration: Location, Topics, Scheduling. 46 respondents offered comments indicating the current Rural Consultation Process functions well as is.

Location:
1. Meetings should be held at a central location for everyone, not just at the ADD office.
2. Availability of time to be away from work. The travel time alone is approximately 2 hours of the day-one hour each way.
3. If the meetings were a little more local
4. Local meetings in each county
5. Move it away from the ADD.
6. Closer meetings and feeling like I would get more accomplished.
7. It seems like a lot of decisions are already made and just a report is given at the meeting. I think setting up a meeting with your own Highway Department district representative would be good. Maybe 1-2 times a year. Our ADD has multiple Districts represented. They could set aside some time for those counties within a given District to talk with that Districts representative.

Topics:
1. The process is now quite redundant, particularly with the high turnover of ADD staff assigned to transportation. Almost every meeting seems like a refresher for the process.
2. Seems like we talk a lot about our projects, but it seems useless because there is no money.
3. More visual cues (maps) about the highway receiving funding and the stages of each projects.
4. More involvement in need assessment
5. Continued emphasis on local/regional transportation network development.
6. Educational opportunities to become more informed.
7. More funding for projects availability

Q10: What would make you more likely to participate in the Regional Transportation Planning Committee? (cont.)

Scheduling:
1. Fewer meeting conflicts
2. My schedule does not always allow me to attend
3. Meeting Times
4. Different meeting day of the week
5. If I received notice I would consider attending.
6. Prior schedule conflicts are the only reason I miss meetings.
7. Notice of meetings!
8. Time

Q11: How often have you consulted with the ADD Transportation Planner?

Answered: 169   Skipped: 17

Answer Choices	Responses	
Extremely often	5.33%	9
Very often	26.63%	45
Moderately often	33.14%	56
Slightly often	23.67%	40
Not at all often	11.24%	19
Total		169

Q12: Was the ADD Transportation Planner eager to help you?

Answer Choices	Responses	
Extremely eager	32.54%	55
Very eager	52.66%	89
Moderately eager	9.47%	16
Slightly eager	2.96%	5
Not at all eager	2.37%	4
Total		169

Q13: How knowledgeable did the ADD Transportation Planner seem to you?

Answered: 169   Skipped: 17

Answer Choices	Responses	
Extremely knowledgeable	37.28%	63
Very knowledgeable	50.30%	85
Moderately knowledgeable	9.47%	16
Slightly knowledgeable	1.18%	2
Not at all knowledgeable	1.78%	3
Total		169

Q14: How clear was the information provided to you by the ADD Transportation Planner?

Answered: 169   Skipped: 17

Answer Choices	Responses	
Extremely clear	33.14%	56
Very clear	50.30%	85
Moderately clear	13.02%	22
Slightly clear	1.78%	3
Not at all clear	1.78%	3
Total		169

Q15: How quickly would you say that the ADD Transportation Planner addressed your question?

Answered: 169   Skipped: 17

Answer Choices	Responses	
Extremely quickly	28.99%	49
Very quickly	52.66%	89
Somewhat quickly	11.24%	19
Neither quickly nor slowly	5.33%	9
Somewhat slowly	0.00%	0
Very slowly	0.00%	0
Extremely slowly	1.78%	3
Total		**169**

Q16: How well do you think the Kentucky Transportation Cabinet understands what your community needs to have a safe, affordable, flexible and efficient transportation system?

Answered: 167   Skipped: 19

Answer Choices	Responses	
Extremely well	23.95%	40
Very well	46.71%	78
Moderately well	25.15%	42
Slightly well	3.59%	6
Not at all well	0.60%	1
Total		**167**

Q17: How well do you believe the Kentucky Transportation Cabinet is communicating with you regarding decisions made related to the Highway Plan?

Answered: 167   Skipped: 19

Answer Choices	Responses	
Extremely well	22.75%	38
Very well	47.31%	79
Moderately well	23.95%	40
Slightly well	4.19%	7
Not at all well	1.80%	3
Total		167

Q18: In which Kentucky County do you work?
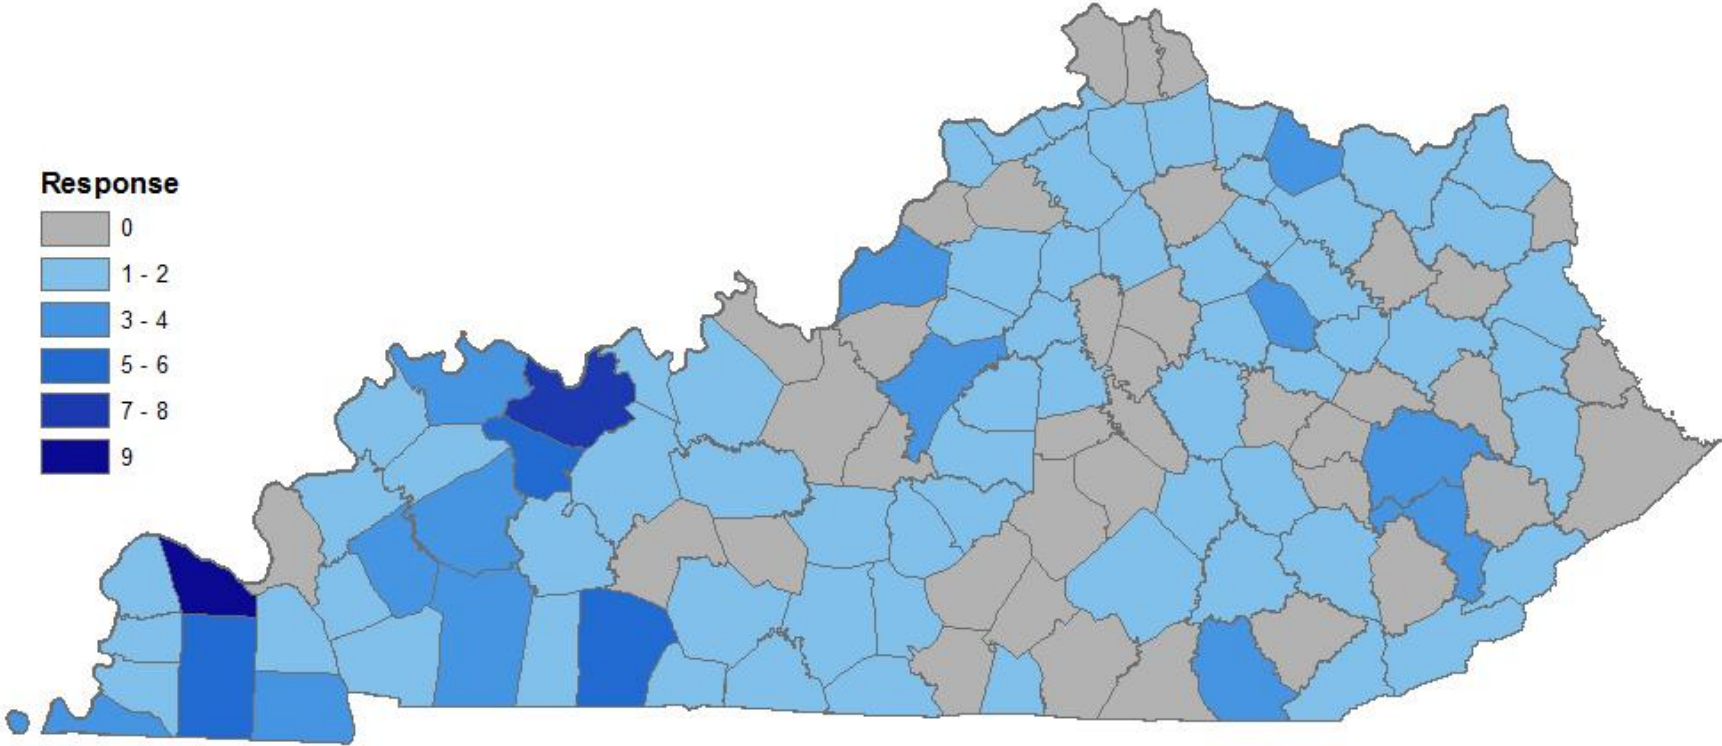

Q19: What is your age?

Answered: 157   Skipped: 29

Answer Choices	Responses	
21 or under	0.64%	1
22 - 34	2.55%	4
35 - 44	15.29%	24
45 - 54	18.47%	29
55 - 64	31.21%	49
65 - 79	26.75%	42
80+	0.00%	0
I prefer not to answer	5.10%	8
Total		157

Q20: What is your gender?*

Answered: 154   Skipped: 32

Answer Choices	Responses	
Male	87.66%	135
Female	12.34%	19
Total		154

- Q23: "Are you male or female?" Regrettably made it onto the survey as a duplicate. As the majority of respondents previously answered Q20: "What is your gender?", this question was often skipped. For these reasons, the results of Q23: "Are you male or female?" have been omitted from reporting.

Q21: What is your race?

Answered: 155   Skipped: 31

Answer Choices	Responses	
American Indian or Alaska Native	0.00%	0
Asian	0.00%	0
Black or African American	3.23%	5
Hispanic	0.65%	1
Native Hawaiian or Other Pacific Islander	0.00%	0
White	95.48%	148
Other	0.65%	1
Total		155

Q22: What is your approximate average household income?

Answered: 154   Skipped: 32

Answer Choices	Responses	
$0 - $14,999	0.00%	0
$15,000 - $24,999	0.00%	0
$25,000 - $49,999	9.09%	14
$50,000 - $74,999	6.49%	10
$75,000 - $99,999	22.08%	34
$100,000 - $124,999	16.88%	26
$125,000 - $149,999	12.34%	19
$150,000 - $174,999	5.84%	9
$175,000 - $199,999	2.60%	4
$200,000 or more	3.25%	5
I prefer not to answer	21.43%	33
Total		**154**

Q24: Where did you learn about the Regional Transportation Planning Committee?

Answered: 155   Skipped: 31

Answer Choices	Responses	
Newspaper	0.00%	0
Radio	0.00%	0
Internet Advertisement / Website Banner	0.00%	0
Word of mouth / Email	19.35%	30
Facebook	1.29%	2
Twitter	0.00%	0
KYTC/ADD/MPO representative	83.23%	129
Total Respondents: 155		

Plan of Action

KYTC will work to develop materials explaining the development of funding and appropriation for distribution.

KYTC will develop training to ensure the ADD planner is aware of the location and limitations of relevant transportation data.

KYTC will work with the ADDs to develop an orientation packet for new members detailing the purpose of the Regional Transportation Committee.

KYTC will work to develop a standard report for each Highway District Office regarding the status of ADD specific projects for presentation at each Regional Transportation Committee meeting.

KYTC will encourage the ADDs to schedule meetings outside the ADD office where appropriate. This may include but not be limited to site visits and one-on-one city/county level meetings.

Plan of Action

KYTC will work with the ADDs to identify new opportunities for increasing Regional Transportation Committee participation.

KYTC will work with the ADDs to develop regular meeting schedules and notification procedures.

KYTC is developing methodology to better inform local officials and add transparency to the project selection process on a statewide basis.

KYTC will work with the ADDs to discuss and respond to ADD specific survey results from the Rural Consultation Survey where applicable.

KYTC will encourage the ADDs to schedule successive meetings (i.e. Water Board immediately followed by Regional Transportation Committee)to reduce travel expectations, where possible.

Summary

KYTC is very pleased to see an overall positive response with regards to the effectiveness of the Regional Transportation Planning Program. The majority of respondents are regular attendees representing broad public interests and multimodal perspectives. While increasing attendance has been and continues to be an issue, overall attendance numbers are stable and indicative of a well used resource for local officials and KYTC alike. KYTC seeks to continue and improve this relationship through increased training opportunities and improved communication.

KYTC will publish this report to it's website at the following location:
http://transportation.ky.gov/Planning/Pages/Regional-Planning.aspx

The next update to this report will be due no later than February 21, 2021
