ACTIVE ROAD CONSTRUCTION PROJECTS
"AUTHORIZED" OR "AWARDED"

As set forth by KRS 176.420 (HB 655), the following is a listing of all active Highway Plan construction projects, by county, not included or shown in the 2014 Recommended Highway Plan submitted to the 2014 General Assembly because funding has been authorized for the project and/or work has been initiated on the project.

An "active" construction project is defined, for this purpose, as a project from any Highway Plan prior to the 2014 Recommended Highway Plan, having all required phases authorized and the construction phase not having been "formally accepted" from the Contractor by the Transportation Cabinet. A project is "formally accepted" when all final inspections have been successfully completed and awaiting final payment to be made to the Contractor, whereas the Contractor is relieved of further obligation for work performed. All projects that have been formally accepted at the time of the printing of this listing are considered complete and are not included in the listing. Projects having the construction phase funding authorized AND have been let to contract and awarded are shown as "Awarded." Those projects for which the construction phase funding is authorized, but have not been awarded are shown as "Authorized."
