QUESTION: The advertisement says *Responding firms should indicate training in roundabout design and attach copies of training certification by key project team personnel.* Are additional pages allowed for providing certifications for Roundabout training?

RESPONSE: Any certifications may be attached at the back of the response to announcement. These will not count against the page limitations in the Instructions for Response to Announcement.

QUESTION: In the “Roundabout Feasibility Review” made available in the advertisement, the Introduction refers to a 2009 study by the Kentucky Transportation Center (KTC).

“The purpose of this document is to update the roundabout feasibility analysis presented in the October, 2009 report issued by KTC regarding two proposed roundabouts on US 31W at University Boulevard and Chestnut Street.”

Can this 2009 Study by KTC be made available also?

RESPONSE: The October 2009 Report referred to in the Feasibility Review was a **draft** report submitted by the Kentucky Transportation Center as a review of the feasibility of **dual** roundabouts (original Alt. 5 from the Scoping Study). After the draft was submitted for review, KYTC reduced the scope to a **single** roundabout, and the Feasibility Review was finalized as published online. The draft report concluded that dual roundabouts are not feasible; therefore the report is not germane to the advertised project and will not be provided.

QUESTION: In regard to the Bikeway Planning Prequalification requirement, will prequalification in either category (the old or the new—July 8, 2010) meet the requirements for this project or is a firm required to seek prequalification in the new category to be eligible to submit on this project?

RESPONSE: Prequalification in the area of in Bikeway Planning will suffice for the requirement for Pedestrian and Bicycle Facility Planning and Design/Bikeway Planning in the advertisement for services for the Item 3-131.00 – Warren County US 31W at US 231X project. As consultants become prequalified in the new category (Pedestrian and Bicycle

Facility Planning and Design/Bikeway Planning, the old category (Bikeway Planning) will be phased out.

The above Q & A section is dealing with the 2011-04 Project Listing Responses to Questions, Updates, and Clarifications will be posted up to four days before responses are due.
