[2017-08 Jefferson 5-531 KY 1932](#)

QUESTION: The bulletin requires the consultant to provide the environmental services which may require a Categorical Exclusion Level I environmental document. However, considerable Environmental prequalification criteria are missing such as EIS Writing and Coordination. Is this correct?

ANSWER: The Department will keep all necessary Environmental Services in-house. As a result, all Environmental prequalification services are no longer required. Please see the revised RFP for more details.
