

Questions and Corrections
2021-03

9/10/20

[2021-03 - Kenton | 6-1086 | KY-8](#)

QUESTION: Please confirm that the following prequalifications are required for the KY-8 project:

- [Environmental & UST Services](#)
 - UST Closure Assessment
 - Hazmat Corrective Action
 - UST Site Investigation (Phase 2)
 - Hazmat Site Investigation (Phase 2)
 - UST Corrective Action
- [Environmental Archeology & Other Services](#)
 - Stream and Wetland Mitigation

ANSWER: The Environmental Document is anticipated to be a CE3 which would likely require UST & Hazmat Preliminary Site Assessment (Phase 1) prequalification but no additional UST or Hazmat services. The contract is also not expected to require Stream & Wetland Mitigation services. These prequalification requirements have been removed from the required services and are not required for response. Please see [XV. Prequalification Requirements](#) of the revised RFP for more details.
