AERONAUTICAL STUDY OF PROPOSED CONSTRUCTION OR ALTERATION

September 15, 2020

APPLICANT
ARCO Construction Company, Inc.
Thomas Lombard
9494 Manchester Rd
St. Louis, MO 63119

SUBJECT: AS-BOONE-CVG-2020-121

CONSTRUCTION LOCATION Hebron, KY
CONSTRUCTION PROPOSED Light Poles

Structure Name	Latitude (DD-MM-SS.SS)	Longitude (DD-MM-SS.SS)	Site Elevation	Structure Height (AGL)	Total
Light Pole 1	39°03'29.36"N	84°39'52.07"W	866	30	896
Light Pole 2	39°03'27.49"N	84°39'52.05"W	865	30	895
Light Pole 3	39°03'30.94"N	84°39'50.57"W	864	30	894

An application has been filed with the Kentucky Airport Zoning Commission for a permit to construct or alter the above described structure. Accordingly, the Kentucky Airport Zoning Commission is conducting an aeronautical study of the proposal to determine its effect upon the safe and efficient use of navigable airspace by aircraft and on the operation of air navigation facilities.

In the study, consideration will be given to all facts relevant to the effect of the structure on the safety of airport users and surface persons and property; the character of the flying operations conducted at the airport; the nature of the terrain; the height of existing structures and trees above the level of the airport, the views of the officials of the Federal Aviation Administration as to the safe approaches required for operation of the airport, the future development of the airport including extension to runways that may be required; the interest of the public in developing a sound public transportation system and the views and opinions of those owning the land in the area.

An Equal Opportunity Employer M/F/D

Interested persons are invited to participate in the aeronautical study by submitting written comments to the Administrator of the Kentucky Airport Zoning Commission. To be eligible for consideration, comments must be relevant to the effect of the proposed construction with the consideration set out above. The comments should provide sufficient details to permit a clear understanding, and be received before Wednesday, October 07, 2020.

The Light Poles will be located 700ft. East of Runway 18C/36C Cincinnati/Northern Kentucky International Airport. Preliminary review indicates this structure exceeds no state standard. Obstruction marking/lighting are proposed.
