**AERONAUTICAL STUDY OF PROPOSED CONSTRUCTION OR ALTERATION**

November 12, 2020

APPLICANT  
Duke Energy  
Jake Dawn  
139 East Fourth St  
Cincinnati, OH 45020

SUBJECT: AS-BOONE-CVG-2020-127

CONSTRUCTION LOCATION Florence, KY  
CONSTRUCTION PROPOSED Power Lines (Replacement)

ASN	Latitude (NAD83)	Longitude (NAD83)	Elevation (Feet)	AGL (Feet)	Overall (Feet)
2020-ASO-3851-NRA	39°04'47.39"N	84°38'46.62"W	595	121	716
2020-ASO-3852-NRA	39°04'42.97"N	84°38'42.21"W	590	131	721

An application has been filed with the Kentucky Airport Zoning Commission for a permit to construct or alter the above described structure. Accordingly, the Kentucky Airport Zoning Commission is conducting an aeronautical study of the proposal to determine its effect upon the safe and efficient use of navigable airspace by aircraft and on the operation of air navigation facilities.

In the study, consideration will be given to all facts relevant to the effect of the structure on the safety of airport users and surface persons and property; the character of the flying operations conducted at the airport; the nature of the terrain; the height of existing structures and trees above the level of the airport, the views of the officials of the Federal Aviation Administration as to the safe approaches required for operation of the airport, the future development of the airport including extension to runways that may be required; the interest of the public in developing a sound public transportation system and the views and opinions of those owning the land in the area.

An Equal Opportunity Employer M/F/D

Interested persons are invited to participate in the aeronautical study by submitting written comments to the Administrator of the Kentucky Airport Zoning Commission. To be eligible for consideration, comments must be relevant to the effect of the proposed construction with the consideration set out above. The comments should provide sufficient details to permit a clear understanding, and be received before Wednesday, December 09, 2020.

The two power lines 138KV/69Kv will replace the existing power lines located 1.36nm/8215ft. North of Cincinnati/Northern Kentucky International Airport's Runway 18L. Preliminary review indicates this structure exceeds no state standard. Obstruction marking/lighting is not proposed.
