What does
your aviator
look like?
Maybe, it's you!

Selfie!

**Did you know the Kentucky State
Police and many other law
enforcement agencies employ pilots?**

Louisville, Kentucky is the
second top paying
metropolitan area for
Aircraft Mechanics and
Service Technicians in the
nation!

The turbine engine is a special type of machine unit that has the capability of successfully converting energy into a type of mechanical-based motion for the purpose providing power and/or functionality to a device, like an aircraft!

C-130 "Hercules"

**Weighing:
75,800 lbs**

The C-130 entered service with the U.S. in 1956. During its years of service, the Hercules has participated in numerous military, civilian and humanitarian aid operations.

The most recent version: C-130J-30 can carry 128 combat troops or 92 paratroopers or even a helicopter!

KY Airport Zoning Commission

Kentucky law requires that all structures built on or near an airport, as defined by KRS 183.861, must be approved / permitted by the KAZC. (This includes but is not limited to buildings, antenna towers, water towers, electrical power lines (above ground), runway and taxiway extensions, apron expansion, parking lots and construction cranes.

In 2022, Kentucky Native, 1st Lt. Kelsey Flannery became the first woman to pilot an F-35 fighter jet for the Air National Guard.

Kentucky host several balloon
festivals each year!

Willa Brown Chappell

Willa Brown Chappell (1906-1992) was born Willa Beatrice Brown in Glasgow, Kentucky. A pioneering aviator, she earned her pilot's license in 1937, making her the first African American woman to be licensed in the United States

In 1941, she became the first African American officer in the Civil Air Patrol. The U.S. government also named her federal coordinator of the CAP Chicago unit. In 1943, she became the first woman in the United States who possessed both a mechanic's license and a commercial license in aviation.
