

# SS4 Closed Beta Waiver

To whom it may concern:

This is an invitation for \_\_\_\_\_ to participate in KYTC's Closed Beta testing program for InRoads Select Series 4 (SS4). If you accept an invitation to use our SS4 workspace and CADD Standards, we request your feedback on how the workspace and standard files are configured and how they function in our normal workflows. You understand that KYTC will not provide additional production hours to your firm for converting files or extra work involved in setting up said workspaces and learning to use the new software. You also understand that KYTC expects that you will maintain normal milestone dates and deadlines during the beta. KYTC will make every effort to fix any issues with said workspace and configuration files in a timely manner, but will not guarantee an exact turnaround. By signing below, you acknowledge this and agree to participate in the Closed Beta under these circumstances and expectations.
