

ABOUT US

The Bridging Opportunities Training Program (BOTP) aims to create opportunities for students in post-secondary degree programs to explore the wide range of careers available within the Kentucky Transportation Cabinet (KYTC). This paid internship allows qualified students to work alongside experienced KYTC professionals and gain hands-on experience while connecting with industry experts and peers.

MONTE DAVIS

OFFICE OF HUMAN
RESOURCE MANAGEMENT

“I learned so much from the entire OHRM team, who not only provided valuable insights into human resources but also imparted important life lessons that will guide me in the future. I vividly remember my first day--I was nervous and uncertain about what to expect, but I was welcomed with open arms, which made all the difference.”

PAULINA SMITH

KENTUCKY DEPARTMENT
OF AVIATION

“My time as an intern at Capital City Airport has been an incredible learning experience. From developing safety audits and revising lease agreements to organizing community events, I’ve had the opportunity to engage in diverse operations that enhance airport efficiency and safety as well as establish new connections. I take great pride in contributing to our aviation community, and this internship has truly strengthened my passion for the field.”
