Notice of Quote Solicitation

Project Name:	KY 8 Licking River Bridge
Contract ID:	22-9003
DBT Name:	PCL Construction, Inc.
Quote Solicitation Number:	001

PCL Construction, Inc. is seeking subcontractors to perform work associated with Early Work Package 01, consisting of a horizontal directional drilling (HDD) bore across the Licking River as well as residential access mitigation off of KY 9.

HDD subcontractors will be required to demonstrate previous experience performing HDD work under levees in order to satisfy United States Army Corps of Engineer qualification requirements as stipulated in the solicitation documents.

All interested parties should send an email to ky8lickingriver@pcl.com to obtain the Quote Solicitation, which will contain all details.

Subcontracted Scopes of Work Include:

- Vibration Monitoring
- Existing Structure Survey
- Horizontal and Vertical Displacement Monitoring
- Large HDD bore under the levee and Licking River
- Demolition of existing pavement
- Drainage modifications
- Maintenance of Traffic
- JCP Pavement
- E&S Control
- DGA Base
- Grading and Seeding
- Survey
- Saw Cutting
- Pavement Markings
