8.2 Lump Sum Bid Items

In addition the DBT shall provide a separate estimated cost of the right-of-way acquisition. This estimate should not include services for right-of-way acquisition as these services as described in Section 11 are to be included in the lump sum bid as described above. KYTC will utilize this estimate to authorize Right-Of-Way funds for acquisition and relocation costs not right-of-way services. **DBTs shall also provide a unit price per parcel for legal and administrative costs associated with condemnation actions. DBTs shall factor any time requirements associated with condemnation actions into their delivery schedule but shall not include the cost of these services as a part of their lump sum bid. KYTC will pay for these services on an as needed basis based on the unit price provided with the price proposal.**
