MEMORANDUM

**TO:** All Prequalified Contractors

**FROM:** Rachel Mills, P.E.   
Director  
Division of Construction Procurement

**DATE:** June 14, 2019

**SUBJECT:** Design-Build Project / Contract ID 19-9002  
I-75 / Richwood Road (KY 338) Interchange Project (Boone County)  
I-75 / Mt. Zion Road (KY 536) Interchange Project (Boone County)  
I-75 Pavement Rehab – Milepoints 169.5 thru 178.0 (Boone County)

Two teams of bridge and road building professionals have been selected by the Kentucky Transportation Cabinet (KYTC) as finalists for a contract to improve 2 interchanges and rehabilitate the condition of over 8 mainline miles on Interstate 75 in Boone County.

Several Design Build Teams (DBTs) submitted Statements of Qualifications which were reviewed thoroughly by a team of transportation professionals from the KYTC. Based on this review, the Design Build Teams which the Cabinet has chosen to shortlist are:

- Joint Venture - John R Jurgensen Company, Eaton Asphalt Paving, Haydon Bridge Company / Burgess & Niple, Inc.;
- Kokosing Construction Company, Inc. / Michael Baker International, Inc.;

The teams will spend the summer developing specific proposals that will include innovative concepts, technical designs and cost details.

The schedule calls for the winning team to be selected in October 2019, allowing preliminary construction work to begin before year's end. The construction project includes:

- Improving the interchange at KY 338 (Richwood Road) on Interstate 75 and significant improvements along the KY 338 and the US 25 (Dixie Highway) corridors adjoining the interchange;
- Improvements to the interchange at KY 536 (Mt. Zion Road) and widening of KY 536 to US 25; and
- Pavement rehabilitation on Interstate 75 between milepoints 169.5 (Mt. Zion Road) and 178.0 (county line south of Walton).

The project is scheduled for completion in November 2022.
