

## WORK ITEM - NAICS CODE

This document is to assist contractors using the AASHTOWare Project Bids software and submitting a bid on a federally funded project (that is a project with a call number within the 100 or 200 series).

The Sub-Contractor Bidders List form that is required in all federal project bid files has a Work Item-NAICS Code drop-down option box. This option box contains only a select few of the Work Item-NAICS Code values.

When there is not an appropriate Work Item-NAICS Code value to select, refer to the following pages for a complete list. Manually enter the Work Item-NAICS code values after the Subcontractor, Consultant or Supplier name and leave blank the Work Item-NAICS code field. As an example, see line 2 below.

***Note: Any Subcontractor, Consultant or Supplier listed without the Work Item-NAICS Code values may render a bid incomplete.***

The screenshot shows the AASHTOWare Project Bids software interface. The title bar reads "AASHTOWare Project Bids™ |" with a help icon, minus icon, and maximize icon. Below the title bar is a menu bar with "FILE", "EDIT", "TOOLS", "VIEW", and "HELP". A toolbar contains icons for file operations (open, save, print, checkmark, lightning bolt). A sidebar on the left lists several certification options, with "Sub-Contractor Bidders List" circled in red. The main content area is titled "SUB-CONTRACTOR BIDDERS LIST" and contains the following text: "In accordance with the Department of Transportation Federal Regulations 49 C.F.R. 26.11, all Contractors bidding as a prime must provide a list of subcontractors solicited for quotes/bids. Indicate both responsive and non-responsive subcontractors. For a complete list of work items and instructions, refer to the Work Item-NAICS Code document at <https://transportation.ky.gov/Construction-Procurement/Pages/Prequalification.aspx>. NOTE: Any Subcontractor, Consultant or Supplier listed without the Work Item-NAICS Code values may render a bid incomplete."

Subcontractor, Consultant or Supplier	Responsive or Non-Responsive	Work Item-NAICS Code
1. ABC Construction	Responsive	Clearing and Grubbing; 238910
2. XYZ Construction - I12; 237310	Responsive	
3.		
4.		

Red arrows point from the text "Manually enter work item code and NAICS code" to the input field for item 2, and from "Leave blank the Work Item-NAICS Code drop-down option box" to the empty dropdown menu for item 2.
