Dear Mr. Hubbard:

On behalf of 500 Associates, Tetra Tech EM Inc. (TTEMI) is pleased to provide this Management Plan for the 500 East Main Street site located in Louisville, Kentucky. This plan is being submitted to outline the proposed management of the environmental constituents identified in site soil and groundwater, which are over the regulatory levels. Vermont American and their consultant URS has also reviewed this document. This document includes information on the site background, constituents of concern, environmental fate of constituents of concern, exposure pathways and the management plan.

Please contact Mark Mangun at 502-357-9350 or 502-836-7964 (cell phone) should you have any questions.

Sincerely,

Tetra Tech EM, Inc
