20411ED	LAW ENFORCEMENT OFFICER	HOUR	250	50	300
23143ED	KPDES PERMIT AND TEMP EROSION CONTROL	LS	1	1	1

**NOTES:**

- (1) The HTC Median Barrier system includes all hardware, post, cables, labor, and incidentals within the End Anchors.
- (2) The HTC Median Barrier End Anchors includes all hardware, post, cables, labor, and incidentals.
- (3) The bid item "Trenching" is for the trenching and disposal of the material removed for the Concrete Class A Pad under the HTC Median Barrier system. Provided this material meets geotechnical requirements it may be used where median fill is needed. Waste area will be pre-approved by the Engineer.
- (4) Excavation for the posts and anchors is incidental to the HTC Median Barrier. This material may also be used where median fill is needed provided that requirements listed in note (3) above are followed.
- (5) Construct per the Section 505 of the *Standard Specifications for Road and Bridge Construction (current edition)* for concrete sidewalks.
- (6) Geotechnical work has been completed for the project. All Geotechnical Information has been included in this proposal so that the manufacturers may design the anchors and the post line footings.
- (7) Two applications.
- (8) For placement between the edge of paved shoulder and the concrete mow strip.
- (9) See Special Note for Erosion Control Blanket – Short Term.
