CONTRACT NOTES

INSURANCE

Refer to Kentucky Standard Specifications for Road and Bridge Construction, current edition.

PROPOSAL ADDENDA

All addenda to this proposal must be applied when calculating bid and certified in the bid packet submitted to the Kentucky Department of Highways. Failure to use the correct and most recent addenda may result in the bid being rejected.

BID SUBMITTAL

Bidder must use the Department's electronic bidding software. The Bidder must download the bid file located on the Bid Express website (www.bidx.com) to prepare a bid packet for submission to the Department. The bidder must submit electronically using Bid Express.

JOINT VENTURE BIDDING

Joint venture bidding is permissible. All companies in the joint venture must be prequalified in one of the work types in the Qualifications for Bidders for the project. The bidders must get a vendor ID for the joint venture from the Division of Construction Procurement and register the joint venture as a bidder on the project. Also, the joint venture must obtain a digital ID from Bid Express to submit a bid. A joint bid bond of 5% may be submitted for both companies or each company may submit a separate bond of 5%.

UNDERGROUND FACILITY DAMAGE PROTECTION

The contractor shall make every effort to protect underground facilities from damage as prescribed in the Underground Facility Damage Protection Act of 1994, Kentucky Revised Statute KRS 367.4901 to 367.4917. It is the contractor's responsibility to determine and take steps necessary to be in compliance with federal and state damage prevention directives. When prescribed in said directives, the contractor shall submit Excavation Locate Requests to the Kentucky Contact Center (KY811) via web ticket entry. The submission of this request does not relieve the contractor from the responsibility of contacting non-member facility owners, whom shall be contacted through their individual Protection Notification Center. Non-compliance with these directives can result in the enforcement of penalties.

REGISTRATION WITH THE SECRETARY OF STATE BY A FOREIGN ENTITY

Pursuant to KRS 176.085(1)(b), an agency, department, office, or political subdivision of the Commonwealth of Kentucky shall not award a state contract to a person that is a foreign entity required by [KRS 14A.9-010](#) to obtain a certificate of authority to transact business in the Commonwealth ("certificate") from the Secretary of State under [KRS 14A.9-030](#) unless the person produces the certificate within fourteen (14) days of the bid or proposal opening. If the

foreign entity is not required to obtain a certificate as provided in [KRS 14A.9-010](#), the foreign entity should identify the applicable exception. Foreign entity is defined within [KRS 14A.1-070](#).

For all foreign entities required to obtain a certificate of authority to transact business in the Commonwealth, if a copy of the certificate is not received by the contracting agency within the time frame identified above, the foreign entity's solicitation response shall be deemed non-responsive or the awarded contract shall be cancelled.

Businesses can register with the Secretary of State at <https://secure.kentucky.gov/sos/ftbr/welcome.aspx>.

SPECIAL NOTE FOR PROJECT QUESTIONS DURING ADVERTISEMENT

Questions about projects during the advertisement should be submitted in writing to the Division of Construction Procurement. This may be done by email to kytc.projectquestions@ky.gov. The Department will attempt to answer all submitted questions. The Department reserves the right not to answer if the question is not pertinent or does not aid in clarifying the project intent.

The deadline for posting answers will be 3:00 pm Eastern Daylight Time, the day preceding the Letting. Questions may be submitted until this deadline with the understanding that the later a question is submitted, the less likely an answer will be able to be provided.

The questions and answers will be posted for each Letting under the heading "Questions & Answers" on the Construction Procurement website (www.transportation.ky.gov/construction-procurement). The answers provided shall be considered part of this Special Note and, in case of a discrepancy, will govern over all other bidding documents.

HARDWOOD REMOVAL RESTRICTIONS

The US Department of Agriculture has imposed a quarantine in Kentucky and several surrounding states, to prevent the spread of an invasive insect, the emerald ash borer. Hardwood cut in conjunction with the project may not be removed from the state. Chipping or burning on site is the preferred method of disposal.

INSTRUCTIONS FOR EXCESS MATERIAL SITES AND BORROW SITES

Identification of excess material sites and borrow sites shall be the responsibility of the Contractor. The Contractor shall be responsible for compliance with all applicable state and federal laws and may wish to consult with the US Fish and Wildlife Service to seek protection under Section 10 of the Endangered Species Act for these activities.

ACCESS TO RECORDS

The state agency certifies that it is in compliance with the provisions of KRS 45A.150, "Access to contractor's books, documents, papers, records, or other evidence directly pertinent to the contract." The Contractor, as defined in KRS 45A.030, agrees that the contracting agency, the

Finance and Administration Cabinet, the Auditor of Public Accounts, and the Legislative Research Commission, or their duly authorized representatives, shall have access to any books, documents, papers, records, or other evidence, which are directly pertinent to this agreement for the purpose of financial audit or program review. The Contractor also recognizes that any books, documents, papers, records, or other evidence, received during a financial audit or program review shall be subject to the Kentucky Open Records Act, KRS 61.870 to 61.884. Records and other prequalification information confidentially disclosed as part of the bid process shall not be deemed as directly pertinent to the agreement and shall be exempt from disclosure as provided in KRS 61.878(1)(c).

BOYCOTT PROVISIONS

If applicable, the contractor represents that, pursuant to [KRS 45A.607](#), they are not currently engaged in, and will not for the duration of the contract engage in, the boycott of a person or an entity based in or doing business with a jurisdiction with which Kentucky can enjoy open trade. **Note:** The term Boycott does not include actions taken for bona fide business or economic reasons, or actions specifically required by federal or state law.

If applicable, the contractor verifies that, pursuant to KRS 41.480, they do not engage in, and will not for the duration of the contract engage in, in energy company boycotts as defined by KRS 41.472.

LOBBYING PROHIBITIONS

The contractor represents that they, and any subcontractor performing work under the contract, have not violated the agency restrictions contained in [KRS 11A.236](#) during the previous ten (10) years, and pledges to abide by the restrictions set forth in such statute for the duration of the contract awarded.

The contractor further represents that, pursuant to [KRS 45A.328](#), they have not procured an original, subsequent, or similar contract while employing an executive agency lobbyist who was convicted of a crime related to the original, subsequent, or similar contract within five (5) years of the conviction of the lobbyist.

Revised: 1/1/2025

1.0 BUY AMERICA REQUIREMENT.

Follow the “Buy America” provisions as required by 23 U.S.C. § 313 and 23 C.F.R. § 635.410. Except as expressly provided herein all manufacturing processes of steel or iron materials including but not limited to structural steel, guardrail materials, corrugated steel, culvert pipe, structural plate, prestressing strands, and steel reinforcing bars shall occur in the United States of America, including the application of:

- Coating,
- Galvanizing,
- Painting, and
- Other coating that protects or enhances the value of steel or iron products.

The following are exempt, unless processed or refined to include substantial amounts of steel or iron material, and may be used regardless of source in the domestic manufacturing process for steel or iron material:

- Pig iron,
- Processed, pelletized, and reduced iron ore material, or
- Processed alloys.

The Contractor shall submit a certification stating that all manufacturing processes involved with the production of steel or iron materials occurred in the United States.

Produce, mill, fabricate, and manufacture in the United States of America all aluminum components of bridges, tunnels, and large sign support systems, for which either shop fabrication, shop inspection, or certified mill test reports are required as the basis of acceptance by the Department.

Use foreign materials only under the following conditions:

- 1) When the materials are not permanently incorporated into the project; or
- 2) When the delivered cost of such materials used does not exceed 0.1 percent of the total Contract amount or \$2,500.00, whichever is greater.

The Contractor shall submit to the Engineer the origin and value of any foreign material used.

2.0 – BUILD AMERICA, BUY AMERICA (BABA)

Contractor shall comply with the Federal Highway Administration (FHWA) Buy America Requirement in 23 C.F.R. § 635.410 and all relevant provisions of the Build America, Buy America Act (BABA), contained within the Infrastructure Investment and Jobs Act, Pub. L. No. 117-58, §§ 70901-52 enacted November 15, 2021. The BABA requires iron, steel, manufactured products, and construction materials used in infrastructure projects funded by federal financial assistance to be produced in the United States. Comply with 2 C.F.R § 184.

BABA permits FHWA participation in the Contract only if domestic steel and iron will be used on the Project. To be considered domestic, all steel and iron used, and all products manufactured from steel and iron must be produced in the United States and all manufacturing processes, including application of a coating, for these materials must occur in the United States. Coating includes all processes that protect or enhance the value of the material to which the coating is applied. This requirement does not preclude a minimal use of foreign steel and iron materials, provided the cost of such materials does not exceed 0.1% of the total contract amount under the Contract or \$2,500.00 whichever is greater.

BABA permits FHWA participation in the Contract only if all “construction materials” as defined in the Act are made in the United States. The Buy America preference applies to the following construction materials

SPECIAL NOTE – BUY AMERICA REQUIREMENTS AND BUILD
AMERICA, BUY AMERICA (BABA) ACT

10/26/2023

incorporated into infrastructure projects: non-ferrous metals; plastic and polymer-based products (including polyvinylchloride, composite building materials, and polymers used in fiber optic cables); glass (including optic glass); Fiber optic cable; optical fiber; lumber; engineered wood; and drywall. Contractor will be required to use construction materials produced in the United States on this Project. The Contractor shall submit a certification stating that all construction materials are certified to be BABA compliant.

Finally, BABA permits the continuation of FHWA's current general applicability waivers for manufactured products, raw materials, and ferryboat parts, but these waivers are subject to reevaluation, specifically the general applicability waiver for manufactured products.

The Contractor has completed and submitted, or shall complete and submit, to the Cabinet a Buy America/Build America, Buy America Certificate prior to the Cabinet issuing the notice to proceed, in the format below. After submittal, the Contractor is bound by its original certification.

A false certification is a criminal act in violation of 18 U.S.C. § 1001. The Contractor has the burden of proof to establish that it is in compliance.

At the Contractor's request, the Cabinet may, but is not obligated to, seek a waiver of Buy America requirements if grounds for the waiver exist under 23 C.F.R. § 635.410(c) or will comply with the applicable Buy America requirements if a waiver of those requirements is not available or not pursued by the Cabinet.

Please refer to the Federal Highway Administration's Buy America webpage for more information.

NOTE: THIS CERTIFICATION IS IN ADDITION TO ANY AND ALL REQUIREMENTS OUTLINED IN THE CURRENT EDITION OF THE STANDARD SPECIFICATIONS FOR ROAD AND BRIDGE CONSTRUCTION AND/OR SPECIAL NOTES CONTAINED IN THE PROJECT PROPOSAL.

SPECIAL NOTE FOR RECIPROCAL PREFERENCE

RECIPROCAL PREFERENCE TO BE GIVEN BY PUBLIC AGENCIES TO RESIDENT BIDDERS

By reference, KRS 45A.490 to 45A.494 are incorporated herein and in compliance regarding the bidders residency. Bidders who want to claim resident bidder status should complete the Affidavit for Claiming Resident Bidder Status along with their bid in the electronic bidding software. Submittal of the Affidavit should be done along the bid in Bid Express.

SPECIAL NOTES FOR BRIDGE REPAIR

SPECIAL NOTE FOR CONTRACT COMPLETION DATE AND PENALTIES ON
BRIDGE REPAIR CONTRACTS

SPECIAL NOTE FOR MAINTAINING AND CONTROLLING TRAFFIC

**SPECIAL NOTE FOR CONTRACT COMPLETION DATE AND
PENALTIES ON BRIDGE REPAIR CONTRACTS**

1. **COMPLETION DATE.** The Contractor has the option of selecting the starting date for this Contract. Once selected, notify the Department in writing of the date selected at least two weeks prior to beginning work. All work is to be completed by the date listed below. An allotted number of Hours are assigned to each structure in this contract as shown below.

<u>STRUCTURE</u>	<u>NO. OF HOURS</u>	<u>COMPLETION DATE</u>
056B00193N Southbound	57	August 1, 2025
056B00193N Northbound	114	September 1, 2025

Southbound lanes must be completed first followed by the Northbound lanes.

Contrary to Section 108.07.03, the Engineer will begin hours at the time Contractor sets up traffic control. A **penalty of \$5000.00 per hour** will be assessed when the allotted number hours is exceeded. Penalties may be waived if in the event the concrete strength is not achieved after a reasonable effort by the Contractor.

All construction must be completed in accordance with the weather limitations specified in Section 606 and/or Section 601 as applicable. No extension of Contract time will be granted due to inclement weather or temperature limitations that occur due to starting work on the Contract or a structure late in the construction season.

SPECIAL NOTE FOR TRAFFIC CONTROL ON BRIDGE REPAIR CONTRACTS

1. TRAFFIC CONTROL GENERAL.

Except as provided herein, traffic shall be maintained in accordance with the Standard Specifications (current edition), Section 112. Except for the roadway and traffic control bid items listed, all items of work necessary to maintain and control traffic will be paid at the lump sum bid price to "Maintain and Control Traffic". Contrary to Section 106.01, traffic control devices used on this project may be new or used in new condition, at the beginning of the work and maintained in like new condition until completion of the work.

2. EMERGENCY REPAIRS & COORDINATION WITH OTHER CONTRACTS.

In the event it becomes necessary to make emergency repairs at this project by state forces or other contracts by outside contractors, the contractor agrees to alter his work pattern as directed by the engineer so as not to interfere with the emergency work. The contractor shall be required to coordinate his efforts with those of any other contractor in the construction area.

3. TRAFFIC COORDINATOR.

Furnish a Traffic Coordinator as per Section 112. The Traffic Coordinator shall inspect the project maintenance of traffic, at least three times daily, or as directed by the Engineer, during the Contractor's operations and at any time a lane closure is in place. The personnel shall have access on the project to a radio or telephone to be used in case of emergencies or accidents. The Traffic Coordinator shall report all incidents throughout the work zone to the Engineer on the project. The Contractor shall furnish the name and telephone number where the Traffic Coordinator can be contacted at all times.

4. SIGNS.

Contrary to Section 112.04.02, only long-term signs (sign intended to be continuously in place for more than 3 days) will be measured for payment; short term signs (signs intended to be left in place for 3 days or less) will not be measured for payment but will be incidental to Maintain and Control Traffic. The contractor is to install warning signs for wide loads in advance of the bridge under the direction of the Engineer. The Department will not measure installation, maintenance, or removal for payment, and will consider these incidentals to Maintain and Control Traffic.

5. ROAD CLOSURE FOR I-65 SOUTH BOUND AND ASSOCIATED RAMPS.

The South Bound Lanes of I-65 shall be closed from the I-64/I-71 exit ramp to First Street entrance ramp at Chestnut Street. All ramps that join I-65 south from I-64 and I-71 and the First Street Ramp at West Liberty Street shall be closed to traffic. Traffic shall be detoured to I-64 to I-264 back to I-65. Type III Barricades shall be placed to prevent traffic from enter the closed portion of I-65 as directed by the Engineer. A **57 hour period** will be allotted for the road closure from **8:00 PM Friday through 5:00 AM Monday**. All work must be completed and traffic restored during this time period. The Contractor shall submit a detour plan for approval at the preconstruction conference. All items for the detour shall be considered incidental to the lump sum bid for Maintain and Control Traffic.

6. LANE CLOSURES FOR ROAD CLOSURE TAPERS.

Maintain one 12'-0" minimum lane of traffic in accordance with Standard Drawing Nos. TTC-115 C.E. and TTC-125 C.E. Contrary to TTC-125 three lanes shall be closed for the taper to direct traffic onto the I-64 exit ramps from I-65 South Bound.

7. LANE CLOSURES FOR I-65 NORTHBOUND.

Maintain one 12' lane at all times. 2 ~ **57 hour periods** will be allotted for the lane closures from **8:00 PM Friday through 5:00 AM Monday**. All work must be completed and traffic restored during these time periods. The right lane shall be closed in accordance with Standard Drawing TTC-125 in the first 57 hour time period. Left and center lane shall closed in accordance with Standard Drawing TTC-125 C.E. in the second 57 hour time period. The Contractor shall submit construction phasing and traffic control plan for approval at the preconstruction conference.

8. LANE CLOSURE AND SIDEWALK CLOSURE FOR BROOK STREET.

The left turning lane and sidewalk of Brook Steet shall be closed to traffic during construction. All traffic shall be protected from any falling debris. All items for this work shall be included in the unit price bid for "Lane Closure".

9. PORTABLE CHANGAEABLE MESSAGE SIGN.

Provide, install, and maintain portable changeable message boards as directed by the Engineer. The Contractor must provide a 24-hour contact person and number available to maintain the portable changeable message sign as needed.

10. LAW ENFORCEMENT OFFICER.

Provide a Law Enforcement Officer as directed by the Engineer. The Contractor shall be responsible for all coordination with the Local Law Enforcement and the KYTC engineer.

11. MEASUREMENT.

Temporary Signs.

The Cabinet will measure this item by "Square Feet".

Maintain and Control Traffic.

The Cabinet will measure this item by "Lump Sum".

Portable Changeable Message Board, Barricade Type III, Lane Closure and Arrow Panel.

The Cabinet will measure this item by "Each".

Law Enforcement Officer.

The Cabinet will measure this item by "Hour".

12. PAYMENT.

Temporary Signs (02562).

Payment at the contract unit price for "Square Feet" is full compensation for all items to complete this work as specified.

Maintain and Control Traffic (02650).

Payment at the contract unit price for "Lump Sum" is full compensation for all items to complete this work as specified.

Portable Changeable Message Board (02671), Barricade Type III (02014), Lane Closure (02653) and Arrow Panel (02775).

Payment at the contract unit price "Each" is full compensation for all items to complete this work as specified.

Law Enforcement Officer (20411EC).

Payment at the contract unit price "Hour" is full compensation for all items to complete this work as specified.

Special Note for Bridge Demolition, Renovation and Asbestos Abatement

If the project includes any bridge demolition or renovation, the successful bidder is required to notify Kentucky Division for Air Quality (KDAQ) via filing of form (DEP 7036) a minimum of 10 working days prior to commencement of any bridge demolition or renovation work.

Any available information regarding possible asbestos containing materials (ACM) on or within bridges to be affected by the project has been included in the bid documents. These are to be included with the Contractor's notification filed with the KDAQ. If not included in the bid documents, the Department will provide that information to the successful bidder for inclusion in the KDAQ notice as soon as possible. If there are no documents stating otherwise, the bidders should assume there are no asbestos containing materials that will in any way affect the work.

ENVIRONMENTAL COMPLIANCE & CONSULTING

Asbestos Inspection Report

To: Tom Springer, QK4, Inc.

Date: March 11, 2025

Conducted By: Samuel Rice, LFI, Inc.
Kentucky Accredited Asbestos Inspector #81334

Project and Structure Identification

Project: Jefferson County Item No 5-10099.00

Structure ID: #056B00193N

Structure Location: I-65 at Brooks Street and Muhammad Ali Blvd, Jefferson County, Kentucky

Sample Description: Padding material on the bridge deck

Inspection Date: March 10, 2025

Results and Recommendations

The asbestos inspection was performed in accordance with current United States Environmental Protection Agency (US EPA) regulations, specifically 40 CFR Part 61, Asbestos National Emissions Standards for Hazardous Air Pollutants (NESHAP) revision, final rule effective November 20, 1990.

It is recommended that this report accompany the 10-Day Notice of Intent for Demolition Notification form, which is to be submitted to the Louisville-Jefferson County Air Pollution Control District before the demolition or renovation of any building or structure in Jefferson County.

No asbestos-containing materials (ACM) were detected above regulatory screen limits of 1%.

DIRECTIONS

Complete all fields listed on form unless directed otherwise.

Project address must be correct, complete street address.

Year Built is required by EPA. If you know how old it is, figure/calculate when it was built to complete this field.

Size, square feet is the total square feet of the building.

Number of floors in the building.

Present Use: How is it being used currently? Is it vacant? A residence, a store?

Prior Use: How was it used in the past? Has it been a commercial facility, industrial, single family residence, apartment?

Project start date: When do you plan to begin the actual demolition? We need a date. You must start on the date listed or submit a revised notification form.

Project end date: The date you plan on having the demolition completed. If you are not sure, give an accurate estimate. If it changes, you must send in a revised notification with the correct end date.

1. Is this planned? Not an emergency?
 2. Was this demolition ordered by IPL or the courts? If so you must include a copy of the order from the entity that ordered it.
 3. Is this being demolished as an ordered emergency demolition? Is it a matter of public health and safety if not demolished quickly? Different rules apply if it is an emergency. You must supply a copy of the order and an affidavit which states the building is structurally unsound and in danger of imminent collapse, or poses a health and/or safety risk.
 4. If you are using the building demolition for fire training by a fire department there are additional steps you must take and additional rules to follow as well.
 5. If this building is a commercial, public or industrial building, or has ever been used as a commercial, public or industrial building, there are additional steps to follow.
 6. Is one person/owner/operator demolishing more than one building? Is this a project being done for a housing authority, regional airport authority or other governmental agency? Is this building being demolished with other buildings for a commercial or residential project? If so, it is a regulated demolition. If you are not sure if this demolition qualifies as a project, please request assistance from the APCD Asbestos Section.
- Note: Does this building qualify under EPA rules as a regulated facility? If it is or has ever been used as a commercial, industrial or a public building it is regulated. If it is being used for fire training it is regulated. If it is part of a project demolishing more than one building for a single purpose or for the same person or entity, it is considered regulated. All EPA NESHAP rules will apply.
7. Do you know if there has been any asbestos in the building? If so, do you know if it was removed? Do you have proof of some kind? If so, a copy must be attached to this notification.
 8. Do you have a survey to show what types of materials are in the building? If the building is regulated, you have to have a survey if you don't have proof the asbestos was removed, or you will have to demolish the building on the premise it contains asbestos.
 9. Please list all property owner information.
 10. Please list all information regarding the person or company that will perform the demolition.
 11. Please list who will transport the waste/debris from the demolition.
 12. Please list the information for the disposal site where the debris will be taken.
 13. Explain what method(s) will be used to demolish the building. If it is not listed on this form, describe it under "other".

Contingency Plan: You must have a plan to follow in case asbestos is discovered before, during or after the demolition. The most prudent is to stop work immediately and notify the Air Pollution Control District. You should also block off the area to prevent any undue disturbance or exposure. Call an asbestos professional to assist in how to handle the problem. Failure to notify the APCD will result in a Notice of Violation and fines.

Start date is dependent on the date your notification is received by APCD. Normally you must submit your notification at least 10 working days before your demolition is scheduled to begin.

Lead Paint Inspection Report

To: Tom Springer, QK4, Inc.

Date: March 11, 2025

Conducted By: Samuel Rice, LFI, Inc.

Project and Structure Identification

Project: Jefferson County Item No 5-10099.00

Structure ID: #056B00193N

Structure Location: I-65 at Brooks Street and Muhammad Ali Blvd, Jefferson County, Kentucky

Sample Description: The beige paint is considered lead-based paint.

Inspection Date: March 10, 2025

Results and Recommendations

Pursuant to EPA regulations, lead-based paint (LBP) is defined as paint or other surface coatings that contain an amount of lead equal to or greater than 1 milligram per square centimeter (1.0 mg/cm²) or higher of lead by XRF analysis or 0.5% (5,000 ppm or 5 mg/kg) lead by weight. The lead level in a paint may require lead hazard abatement. Additionally, worker exposure to materials containing lead during construction work is regulated by Federal OSHA [(29 CFR 1926.62 (a))]. This regulation requires worker protection during construction "...where lead or materials containing lead are present".

A sample of beige paint was collected from the structure steel members. Lead concentrations were detected at concentrations ranging from 1.0121 to 1.0123% lead by weight in the coatings. Applicable worker precautions should be implemented during future demolition activities, as necessary. Laboratory analytical data is attached.

Sample #	Location	Start Time	End Time	Time (m)	Flow Rate (L/m)	Volume (L)	ANALYTICAL RESULTS			
							Paint Description			Results (% By Weight Of Lead)
# LBR - 1	Brooks & Muhammad Ali	N/A	N/A	N/A	N/A	N/A	Tan/Multi			1.0121
# LBR - 2	Brooks & Muhammad Ali	N/A	N/A	N/A	N/A	N/A	Tan/Multi			1.0123
Results Code: ND = None Detected FTD = Filter Tampering or Damage N/A = Not Applicable							Details: Please note that according to the EPA Regulations any sample that contains 0.5 % or greater by weight of Lead is considered to be a Lead Containing Material.

PART III

EMPLOYMENT, WAGE AND RECORD REQUIREMENTS

**TRANSPORTATION CABINET
DEPARTMENT OF HIGHWAYS**

**LABOR AND WAGE REQUIREMENTS
APPLICABLE TO OTHER THAN FEDERAL-AID SYSTEM PROJECTS**

- I. Application
- II. Nondiscrimination of Employees (KRS 344)

I. APPLICATION

1. These contract provisions shall apply to all work performed on the contract by the contractor with his own organization and with the assistance of workmen under his immediate superintendence and to all work performed on the contract by piecework, station work or by subcontract. The contractor's organization shall be construed to include only workmen employed and paid directly by the contractor and equipment owned or rented by him, with or without operators.

2. The contractor shall insert in each of his subcontracts all of the stipulations contained in these Required Provisions and such other stipulations as may be required.

3. A breach of any of the stipulations contained in these Required Provisions may be grounds for termination of the contract.

3. If the contractor is in control of apprenticeship or other training or retraining, including on-the-job training programs, he shall not discriminate against an individual because of his race, color, religion, national origin, sex, disability or age forty (40) and over, in admission to, or employment in any program established to provide apprenticeship or other training.

4. The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representative of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for non-compliance.

Revised: January 25, 2017

II. NONDISCRIMINATION OF EMPLOYEES

**AN ACT OF THE KENTUCKY
GENERAL ASSEMBLY TO PREVENT
DISCRIMINATION IN EMPLOYMENT
KRS CHAPTER 344
EFFECTIVE JUNE 16, 1972**

The contract on this project, in accordance with KRS Chapter 344, provides that during the performance of this contract, the contractor agrees as follows:

1. The contractor shall not fail or refuse to hire, or shall not discharge any individual, or otherwise discriminate against an individual with respect to his compensation, terms, conditions, or privileges of employment, because of such individual's race, color, religion, national origin, sex, disability or age (forty and above); or limit, segregate, or classify his employees in any way which would deprive or tend to deprive an individual of employment opportunities or otherwise adversely affect his status as an employee, because of such individual's race, color, religion, national origin, sex, disability or age forty (40) and over. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

2. The contractor shall not print or publish or cause to be printed or published a notice or advertisement relating to employment by such an employer or membership in or any classification or referral for employment by the employment agency, indicating any preference, limitation, specification, or discrimination, based on race, color, religion, national origin, sex, or age forty (40) and over, or because the person is a qualified individual with a disability, except that such a notice or advertisement may indicate a preference, limitation, or specification based on religion, national origin, sex, or age forty (40) and over, or because the person is a qualified individual with a disability, when religion, national origin, sex, or age forty (40) and over, or because the person is a qualified individual with a disability, is a bona fide occupational qualification for employment.

EXECUTIVE BRANCH CODE OF ETHICS

The Executive Branch Code of Ethics created by Kentucky Revised Statutes (KRS) Chapter 11A, effective July 14, 1992, establishes the ethical standards that govern the conduct of all executive branch employees. The Executive Branch Code of Ethics, which states, in part:

KRS 11A.040 (7) provides:

A present or former public servant listed in KRS 11A.010(9)(a) to (g) shall not, within one (1) year following termination of his or her office or employment, accept employment, compensation, or other economic benefit from any person or business that contracts or does business with, or is regulated by, the state in matters in which he was directly involved during the last thirty-six (36) months of his tenure. This provision shall not prohibit an individual from returning to the same business, firm, occupation, or profession in which he was involved prior to taking office or beginning his term of employment, or for which he received, prior to his state employment, a professional degree or license, provided that, for a period of one (1) year, he or she personally refrains from working on any matter in which he was directly involved during the last thirty-six (36) months of his or her tenure in state government. This subsection shall not prohibit the performance of ministerial functions, including but not limited to filing tax returns, filing applications for permits or licenses, or filing incorporation papers, nor shall it prohibit the former officer or public servant from receiving public funds disbursed through entitlement programs.

KRS 11A.040 (9) states:

A former public servant shall not represent a person or business before a state agency in a matter in which the former public servant was directly involved during the last thirty-six (36) months of his tenure, for a period of one (1) year after the latter of:

- a) The date of leaving office or termination of employment; or
- b) The date the term of office expires to which the public servant was elected.

This law is intended to promote public confidence in the integrity of state government and to declare as public policy the idea that state employees should view their work as a public trust and not to obtain private benefits.

If you have worked for the executive branch of state government within the past year, you may be subject to the law's prohibitions. The law's applicability may be different if you hold elected office or are contemplating representation of another before a state agency.

Also, if you are affiliated with a firm which does business with the state and which employs former state executive-branch employees, you should be aware that the law may apply to them.

In case of doubt, the law permits you to request an advisory opinion from the Executive Branch Ethics Commission, 1025 Capital Center Drive, Suite 105, Frankfort, Kentucky 40601; telephone (502) 564-7954.

Revised: March 11, 2025

Kentucky Equal Employment Opportunity Act of 1978

The requirements of the Kentucky Equal Employment Opportunity Act of 1978 (KRS 45.560-45.640) shall apply to this Contract. The apparent low Bidder will be required to submit EEO forms to the Division of Construction Procurement, which will then forward to the Finance and Administration Cabinet for review and approval. No award will become effective until all forms are submitted and EEO/CC has certified compliance. The required EEO forms are as follows:

- EEO-1: Employer Information Report
- Affidavit of Intent to Comply
- Employee Data Sheet
- Subcontractor Report

These forms are available on the Finance and Administration's web page under ***Vendor Information, Standard Attachments and General Terms*** at the following address:
<https://www.eProcurement.ky.gov>.

Bidders currently certified as being in compliance by the Finance and Administration Cabinet may submit a copy of their approval letter in lieu of the referenced EEO forms.

For questions or assistance please contact the Finance and Administration Cabinet by email at **finance.contractcompliance@ky.gov** or by phone at 502-564-2874.

EMPLOYEE RIGHTS UNDER THE FAIR LABOR STANDARDS ACT

THE UNITED STATES DEPARTMENT OF LABOR WAGE AND HOUR DIVISION

FEDERAL MINIMUM WAGE

\$7.25 PER HOUR

BEGINNING JULY 24, 2009

- OVERTIME PAY

At least 1½ times your regular rate of pay for all hours worked over 40 in a workweek.
- CHILD LABOR

An employee must be at least **16** years old to work in most non-farm jobs and at least **18** to work in non-farm jobs declared hazardous by the Secretary of Labor.

Youths **14** and **15** years old may work outside school hours in various non-manufacturing, non-mining, non-hazardous jobs under the following conditions:

No more than

 - **3** hours on a school day or **18** hours in a school week;
 - **8** hours on a non-school day or **40** hours in a non-school week.

Also, work may not begin before **7 a.m.** or end after **7 p.m.**, except from June 1 through Labor Day, when evening hours are extended to **9 p.m.** Different rules apply in agricultural employment.
- TIP CREDIT

Employers of “tipped employees” must pay a cash wage of at least \$2.13 per hour if they claim a tip credit against their minimum wage obligation. If an employee’s tips combined with the employer’s cash wage of at least \$2.13 per hour do not equal the minimum hourly wage, the employer must make up the difference. Certain other conditions must also be met.
- ENFORCEMENT

The Department of Labor may recover back wages either administratively or through court action, for the employees that have been underpaid in violation of the law. Violations may result in civil or criminal action.

Employers may be assessed civil money penalties of up to \$1,100 for each willful or repeated violation of the minimum wage or overtime pay provisions of the law and up to \$11,000 for each employee who is the subject of a violation of the Act’s child labor provisions. In addition, a civil money penalty of up to \$50,000 may be assessed for each child labor violation that causes the death or serious injury of any minor employee, and such assessments may be doubled, up to \$100,000, when the violations are determined to be willful or repeated. The law also prohibits discriminating against or discharging workers who file a complaint or participate in any proceeding under the Act.
- ADDITIONAL INFORMATION

- Certain occupations and establishments are exempt from the minimum wage and/or overtime pay provisions.
 - Special provisions apply to workers in American Samoa and the Commonwealth of the Northern Mariana Islands.
 - Some state laws provide greater employee protections; employers must comply with both.
 - The law requires employers to display this poster where employees can readily see it.
 - Employees under 20 years of age may be paid \$4.25 per hour during their first 90 consecutive calendar days of employment with an employer.
 - Certain full-time students, student learners, apprentices, and workers with disabilities may be paid less than the minimum wage under special certificates issued by the Department of Labor.
