

Setting up Mobile Inspector using the Web App (version 2.x)

(as of 12/31/2021 app will no longer be in app store or supported and must use the web version)

Go to <https://mobileinspector.app/>, in Safari preferably (app will work in most browsers if you are not using an iOS device).

You will need to 'dock' the app to the home screen. You can use the square with an arrow at the bottom to do this.

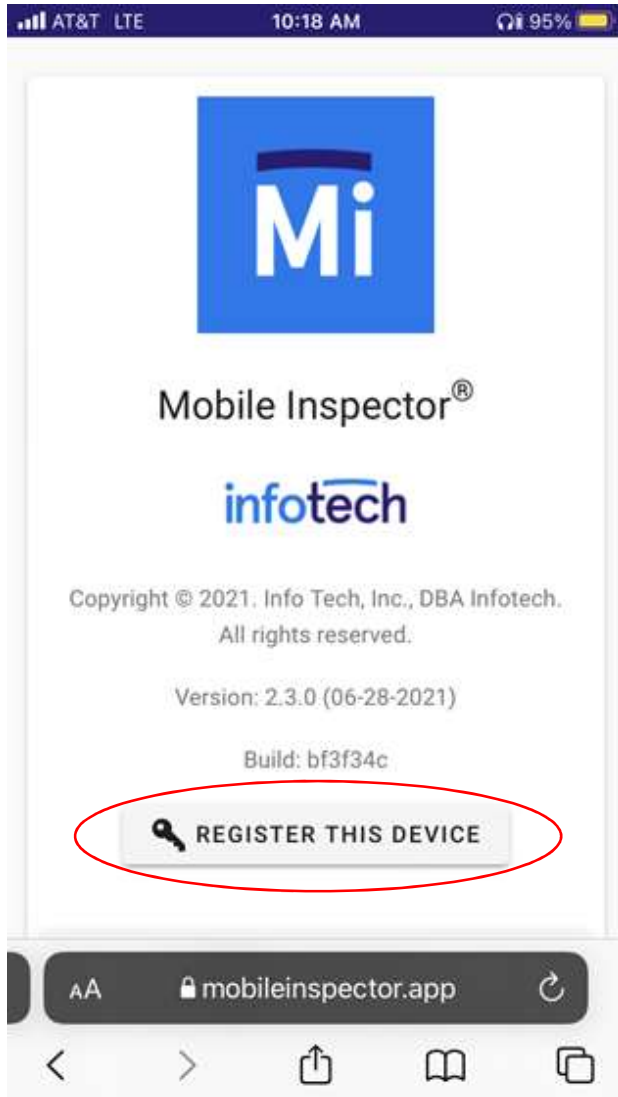

Select 'Add to Home Screen'

Revised 12/3/2021

You will also need to register the device and send the device ID that is assigned to the Administrators. KYTC.SiteManagerTeam@ky.gov

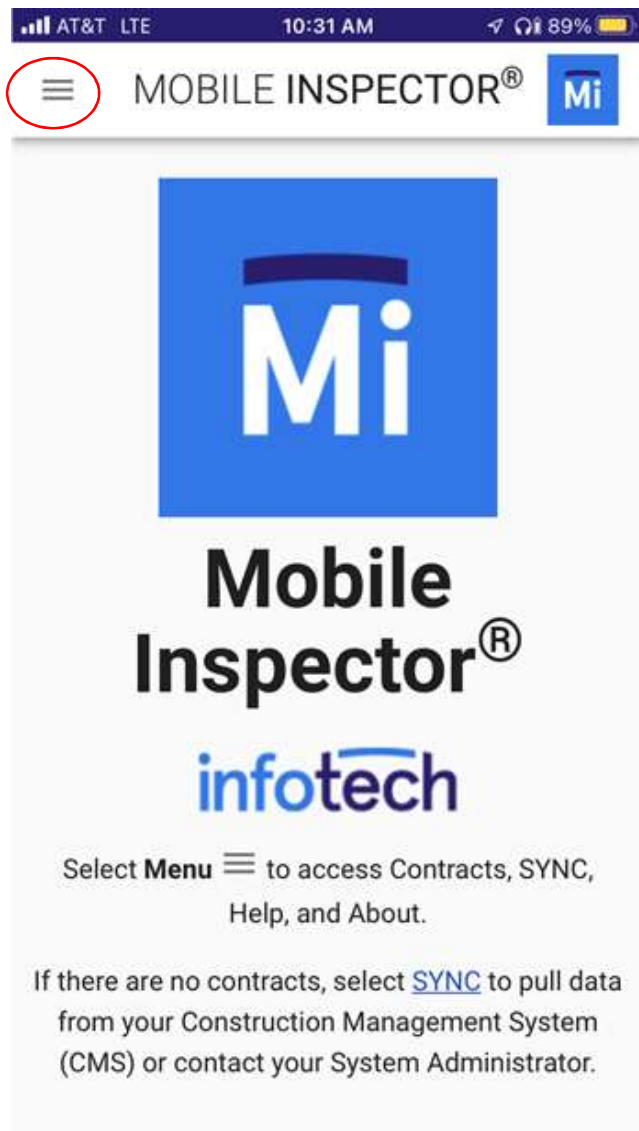

When registering, you will first need to 'Accept the Terms of Service' to be given a device ID.

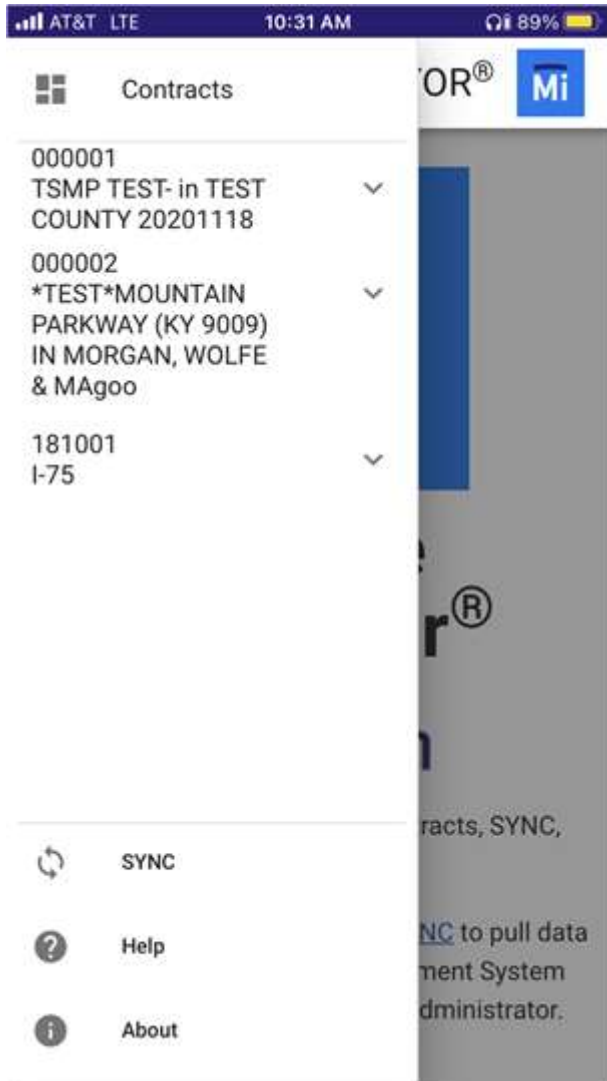

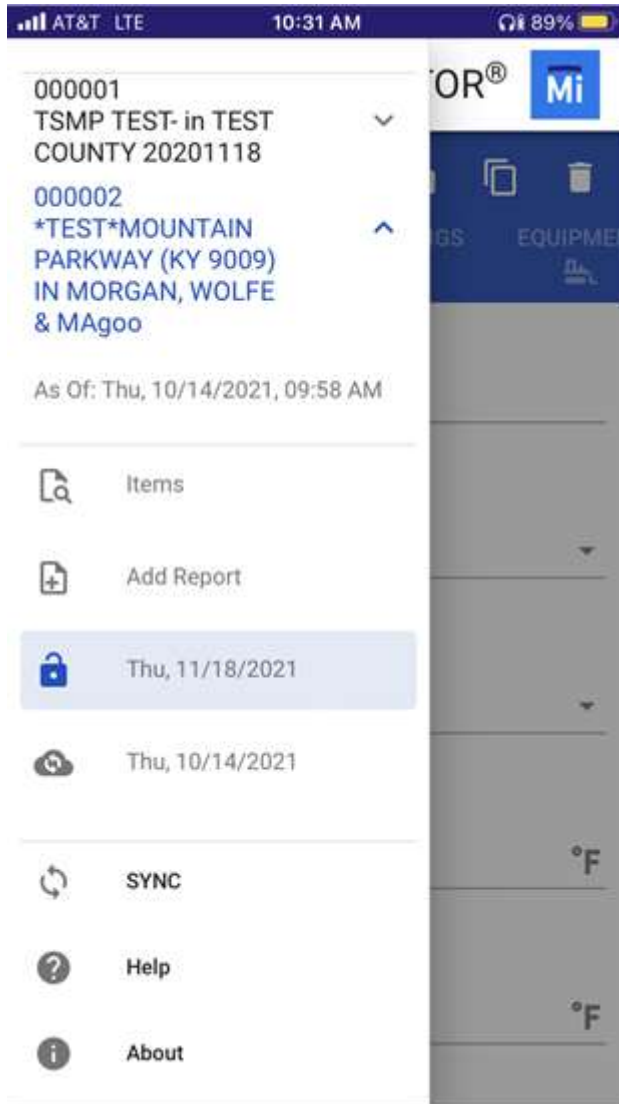

Your contracts can be accessed by selecting the 3 lines at the top of the screen.

Your contracts can be accessed by selecting the 3 lines at the top of the screen." *However, you will need to **run the Sync function first before the contracts will show up on your device.** After you dock your application, generate your Device ID, and confirm your administrator has associated it to your User, navigate to the Sync tab and select Sync in the top right corner of your screen. Once you Sync, your contracts will be brought into your device and accessed by selecting the 3 lines at the top of your screen.*

Revised 12/3/2021

Once the report is complete, you still use the lock icon at the top, but **THERE IS ONE ADDITIONAL STEP BEFORE IT WILL SYNC TO SITEMANAGER.**

You have to select 'sync' and sync any locked reports before they will come over.
