

Andy Beshear
GOVERNOR

TRANSPORTATION CABINET

Department of Highways, District 11 Office
603 Railroad Avenue
Manchester, KY 40962
606-598-2145

Jim Gray
SECRETARY

MEMO TO: Property Owners and Residents

FROM: Kentucky Transportation Cabinet, District 11

DATE: July 15, 2025

PROJECT: US 25
Laurel County
Item No. 11-8515.00

The Kentucky Transportation Cabinet (KYTC) will be conducting studies and design for possible reconstruction of US 25 between US 25E to KY 1006 in Laurel County. The purpose of the project is to improve safety, mobility, and connectivity for travelers along the corridor. The Kentucky Transportation Cabinet has contracted with the engineering firm of HMB Professional Engineers, LLC. to perform field surveys, environmental studies, and roadway design for this 9.0-mile corridor.

In accordance with KRS 416.560 (4) our engineers, surveyors and environmentalists sub consultants may be working on or near your property surveying and collecting field data necessary for the design of the highway and the assessment of associated environmental impacts. The specific area in which the project team will be working does not necessarily indicate the final location or extent of the proposed improvement. Every effort will be made to personally contact all property owners prior to the entry onto property. Receipt of this letter does not necessarily indicate your property will be directly impacted.

KYTC would like to request that you complete a questionnaire that can be accessed using the QR code below. If you have any questions or need additional information, please contact:
