

PUBLIC ENGAGEMENT MEETING #2 – TAYLOR BLVD/NEW CUT ROAD (KY 1865)

April 24, 2024, 5-7pm, Lynnhurst United Church of Christ

Thank you for attending our public meeting! There are several stations around the room with graphics we would like you to view and give us feedback on. If you have any questions, please ask any of the staff.

PROJECT INFORMATION SHEET

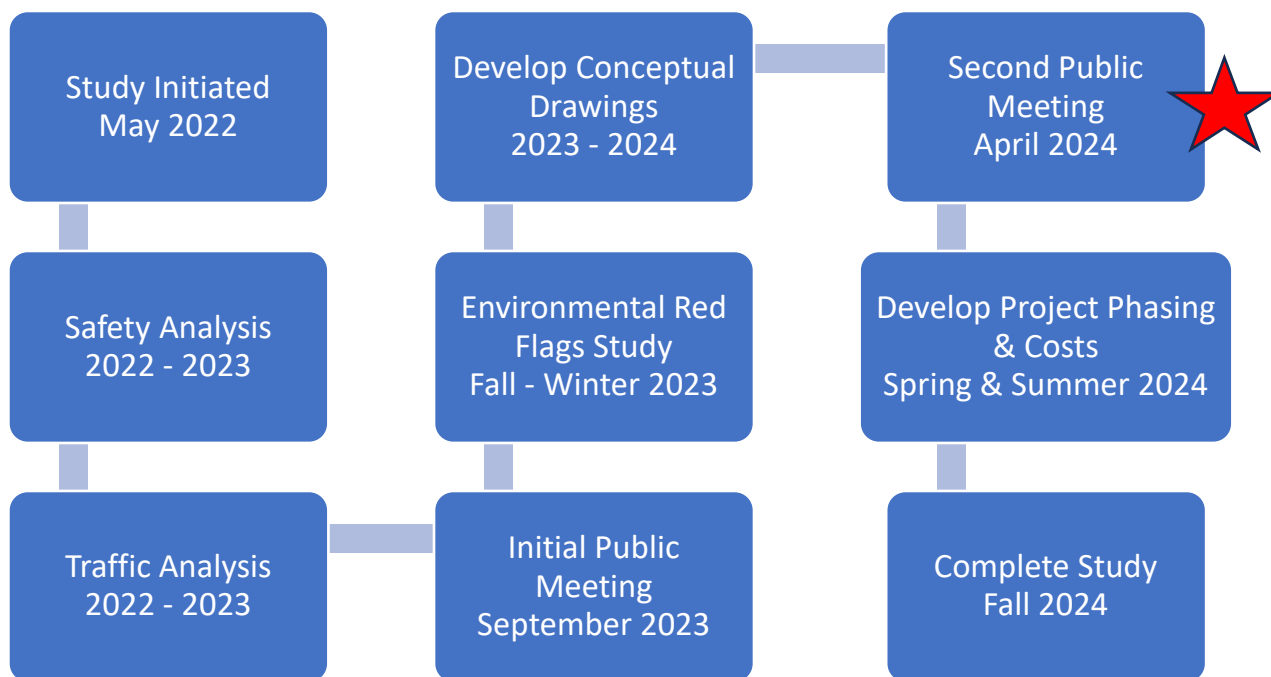

Project Name: KY 1865 (Taylor Blvd/New Cut Road) Safety Study

Study Area: Gene Snyder Freeway to Watterson Expressway (I-264)

Project Goals: This project strives to implement safety improvements for all users along the KY 1865 corridor. The project will reallocate space within the corridor to discourage speeding, accommodate all users, and facilitate connectivity while creating a safer, more comfortable and pleasant environment. Known users along the corridor include motor vehicles, transit vehicles/buses, pedestrians/walkers/runners/transit users, and bicyclists. The context along the corridor is mixed and transitions along the length of the corridor, including commercial areas, single family residential neighborhoods, multifamily residential, Iroquois Park, and several schools and churches.

Project Team: The Kentucky Transportation Cabinet and Louisville Metro Government are partnering on this study.

Project Schedule:

Project Funding: Potential funding sources are being investigated including federal funding.

If you would like to provide your feedback or additional feedback following the meeting, please visit our online survey on or before 5/25/24 :
