

KY-210 IMPROVEMENT PROJECT

CORRIDOR ALTERNATIVES

EXAMPLE 2+1 LAYOUT

ALTERNATIVE 1

2+1 or three-lane typical section striped to provide alternating passing opportunities for the entire corridor (Sections 1, 2, and 3).

ALTERNATIVE 2

Includes a strategic implementation of 2+1 widening and spot improvements to provide anticipated safety and operational improvements.

There are three potential combinations (2A, 2B, and 2C).

ALTERNATIVE 2A
