**Does your property include a septic tank, lateral lines or other underground features that could be affected by this project?**

Yes  No

If No Septic Tank and laterals, who is the provider for sanitary sewer services?

\_\_\_\_\_  
\_\_\_\_\_

If Yes, please provide a sketch on the back of this form showing the location of your septic system or other underground features in relation to your home. This will better allow our surveyors to accurately locate your septic system, lateral lines, and other underground features during the right of way acquisition process. Please also use the back of this Questionnaire for additional comments in addition to the sketches.

**If surveyors need to enter your property to obtain additional survey data or for staking right of way, do you want to first be contacted?**

Yes  No

If No, please confirm that the contact information above is best for contacting you. Please also provide any alternate contact information that can be used to most efficiently contact you on the back of this form.

Your answers will be given to the Project Team for their use in the continued development and right of way acquisition for this project for improving US 150. Please turn them in tonight at the registration desk, place in the Comment Box, mail, or email them by January 1, 2025 to:
