

US 42 OVER KENTUCKY RIVER CARROLL COUNTY, KY

> Project Background <

The purpose of this project is to address the structural deficiencies of the existing US 42 bridge over the Kentucky River between Prestonville and Carrollton in Carroll County, Kentucky. Alternatives to rehabilitate and replace the existing bridge have been studied. Replacement of the existing bridge with a new structure located downstream is the preferred alternative of the Project Development Team.

WE WANT TO HEAR FROM YOU

Which of the following best describes your interest in the US 42 Bridge Replacement project?

- Live along the corridor
- Live elsewhere, but drive the corridor frequently
- Drive the corridor infrequently, but am interested in the project

How many times a day do you cross the US 42 Bridge? 0 2-5 5-10 > 10

How important is replacing the bridge to you? (5 = Very Important | 1 = Not Important) _____

How did you learn about tonight's public meeting? (Check all that apply)
