

**A REQUEST FOR PROPOSAL
FOR
ENGINEERING SERVICES CONTRACT FOR**

PERRY COUNTY FISCAL COURT
Walkertown and Wabaco
Transportation Improvements/
10-0209.00

This document constitutes a Request for Proposals for a Personal Service Contract from qualified individuals and organizations to furnish those services as described herein.

I. PROJECT DESCRIPTION

County -	Perry
Project Description -	Roadway Improvements and Sidewalk Construction along KY 476 to better facilitate Alternative Transportation Methods.

II. PROJECT INFORMATION

Project Manager	Jason Blackburn, P.E.
Project Funding	Transportation Alternative Funds
Project Length/Area	Approximately 0.96 miles

III. PURPOSE AND NEED

Improve and expand the methods of travel for work, shopping, recreation and wellbeing for residents and visitors in the Walkertown and Wabaco areas of Perry County.

IV. SCOPE OF WORK

The selected Consultant Team will be required to provide design services, including, but not limited to the preparation of engineering studies, design studies, Section 106 review, environmental review, identification of appropriate typical sections, identifying any utility impacts, performing drainage design, archaeology, final right-of-way plans, construction plans, traffic control, developing dependable cost estimates, conducting and preparing documents for public meetings.

V. SPECIAL INSTRUCTIONS

OLP may retain any of the advertised services to be performed by in-house state forces.

VI. AVAILABLE STUDIES

NA

VII. METHOD OF DESIGN

The selected Consultant Team shall utilize the most recent CADD Standards for Highway Plans Policy in the development of the highway plans.

VIII. ENVIRONMENTAL

Environmental documents are typically completed by the Office of Local Programs in conjunction with KYTC's Division of Environmental Analysis (DEA). Selected Consultant will be required to assist with document preparation as needed.

IX. PHOTOGRAMMETRIC SERVICES

The Department of Highways will provide LiDAR digital mapping and will furnish manuscripts on computer disks in DGN format. The selected Consultant Team shall supplement this information with conventional surveying as needed.

X. STRUCTURE DESIGN

When the project advances to Final Design, the Consultant Team shall do the necessary engineering service to submit to the District Office an Advanced Situation Folder(s) for the appropriate applicable structure(s). Structure Design Services may be added by Contract Modification. Prequalification in the area of Structure Design is required to be identified in the Consultant Team Team's Response to Announcement.

XI. GEOTECHNICAL SERVICES

The Department of Highways shall provide any necessary Geotechnical Service.

XII. TRAFFIC

The Traffic projections and related information may be provided by the District Office.

XIII. UTILITIES

The Consultant Team will be responsible for determining the existing locations of utilities to determine feasibility of redesign or utility relocation and cost estimates.

XIV. PREQUALIFICATION REQUIREMENTS

To respond to this project, the proposed consultant project team must be prequalified in the following areas by the response due date of this advertisement. The Prime Consultant Firm, as part of their Consultant Team may subcontract with other firms, who must also be prequalified for the discipline in which they will work.
