Public meeting for KY 90 between Cave City and Glasgow scheduled

Meeting scheduled for Tuesday, June 28 from 4 p.m. to 6 p.m. CDT

Bowling Green, Ky. (June 22, 2016) – A public meeting concerning improvements for KY 90 between Cave City and Glasgow has been scheduled for Tuesday, June 28 from 4 p.m. to 6 p.m. CDT at the Cave City Convention Center at 502 Mammoth Cave Street, Cave City, KY 42127.

This meeting is to present to the public the latest alternatives that have been developed for this project. A formal overview of the project information will be presented at 4:30 p.m. Handouts, containing information about the project, comment sheets and displays will be available at the meeting. Representatives from the Kentucky Transportation Cabinet will be available to answer questions. Both written and oral statements will be accepted at the meeting. Written statements will be accepted, and information made available, up to fifteen (15) days after the meeting at the Kentucky Department of Highways District Three Office at 900 Morgantown Road in Bowling Green.

The purpose of the KY 90 improvement project is to enhance regional mobility and to provide a safer, more efficient connection between Glasgow and Interstate 65. KY 90 is the most direct connection between Glasgow and vehicles heading northbound on I-65. Signs on I-65 direct southbound vehicles to use KY 90 to access Glasgow. KY 90 also provides a link between the Barren River Lake State Park and the Mammoth Cave National Park. KY 90 is part of the National Truck Network.
