Public Meeting Scheduled for Ky. 100 Improvements in Allen County

Meeting Scheduled for Thursday, May 12 from 4 p.m. to 6 p.m. at Stony Point Fire Station

Bowling Green, Ky. (May 4, 2016) – A public meeting concerning improvements to Ky. 100 in the Stony Point area in Allen County has been scheduled for Thursday, May 12 from 4 p.m. to 6 p.m. The meeting will take place at the Stony Point volunteer fire station at 47 Stony Point Road, Franklin, KY 42134.

The purpose of this project is to improve the safety and mobility of Ky. 100 in the community of Stony Point in Allen County. The need for this project is to improve sight distance by correcting several horizontal and vertical deficiencies and replace two bridges, as well as provide safe driving lanes and shoulders. Traffic in this section of the corridor consists primarily of passenger cars but there is also a significant presence of heavy trucks as well as horse and buggies. Inadequate sight distance is a primary concern and little to no shoulder results in very little room for driver error.

The purpose of this meeting is to present the two proposed alternatives and gather information on those alternatives. Comments on the alternatives and the potential impacts are requested from meeting attendees. Representatives will be at the meeting to explain the alternatives and answer any questions. A survey will also be handed out to be turned in at the meeting or mailed to the District 3 Office in Bowling Green by May 31.

In accordance with the Americans with Disabilities Act (ADA), if you have a disability for which the Transportation Cabinet needs to provide accommodations, please notify Wes Watt of the necessary requirements no later than noon CT, May 11, 2016. This request does not have to be in writing. Please call 270-746-7898 or Wes.Watt@ky.gov.
