

THE KENTUCKY TRANSPORTATION CABINET HAS AN ACTIVE DESIGN PROJECT IN YOUR AREA.

KY 3143 Fairview Drive Widening

DAVIESS COUNTY, KY KYTC ITEM #2-8854

This project covers the widening of Fairview Drive (KY 3143) including alternate design concepts of crossing the Adkisson Greenbelt multi-use path.

KYTC is studying a highway improvement project to widen Fairview Drive (KY 3143) from the intersection with Settles Road (KY 3335) to the intersection with KY 54. A public information meeting was held on September 23, 2021 to discuss the widening and gather public input on the project. Based on feedback from that meeting as well as engineering, traffic and safety analyses the selected alternate is as follows:

1. Realign Fairview Drive to intersect Settles Road at the Fairview Spur location and construct a roundabout.
2. Construct 2-lane roadway with shoulders from Settles Road to Hillbrooke Parkway with majority of construction off current alignment.
3. Construct 2-lane roadway with curb and sidewalk on the west side and shoulders on the east side from Hillbrooke Parkway to Brooks Parkway widening primarily to east side.
4. Construct 3-lane roadway with curb and sidewalk on the west side and curb and Shared-Use Path (SUP) on the east side from Brooks Parkway to KY 54 with additional lanes at the KY 54 intersection.
5. Construct a bridge to carry Fairview Drive over the Greenbelt.

The information presented at the public meeting can be accessed online at the following website:
