

KYTC offers two engineering scholarship opportunities for current and prospective higher education students.

The scholarships offer tuition assistance, paid internships, and full-time job placement after graduation.

Scholarship information is at bit.ly/engineering-scholarship

To schedule a classroom visit or invite a KEEN representative to your event, email KYTC.KEEN@ky.gov or call 502.564.3730.

KEEN

**KENTUCKY
ENGINEERING
EXPOSURE NETWORK**

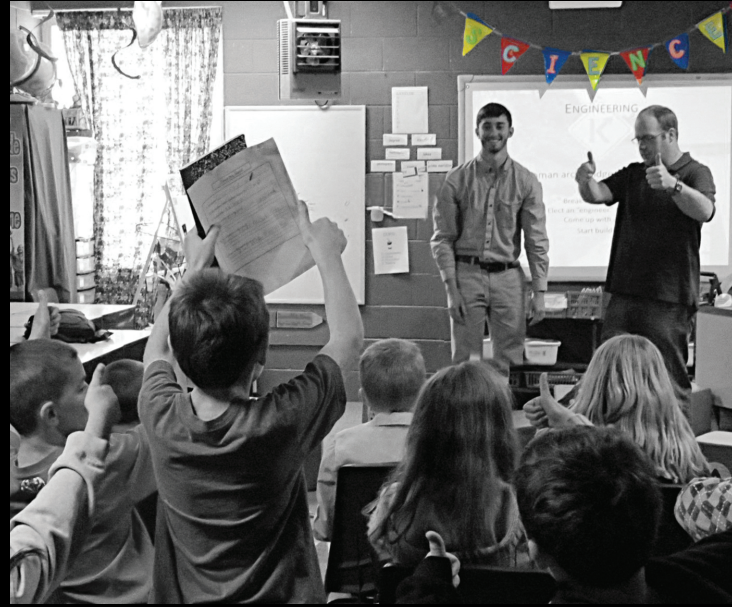

**Brought to you by
the Kentucky Transportation Cabinet (KYTC)**

**IGNITING
A SPARK
IN ENGINEERING**

KEEN is a free program intended to spark an interest in engineering and invest in Kentucky's future workforce.

KYTC engineers and professionals volunteer to introduce students of all ages to engineering career fields through fun activities in the classroom, engaging at career fairs, and attending youth groups and camps.

EXAMPLES OF ACTIVITIES

- **Make a boat from aluminum**
- **Build a bridge with toothpicks and a K'NEX building set**
- **Locating Utilities activity**
- **Learn about careers in civil engineering**
- **Learn about the environment – erosion, watersheds, & pollution**
- **Learn about snow & ice removal with a Vehicle Day at school**

Schedule a classroom visit or invite a KEEN representative to your event.

- **Hands-on activities**
- **Scholarships**
- **In-person events**
