That's Not My Job!

This is a story about four people named Everybody, Somebody, Anybody and Nobody.

There was an important job to be done and Everybody was sure that Somebody would do it.

Anybody could have done it, but Nobody did it.

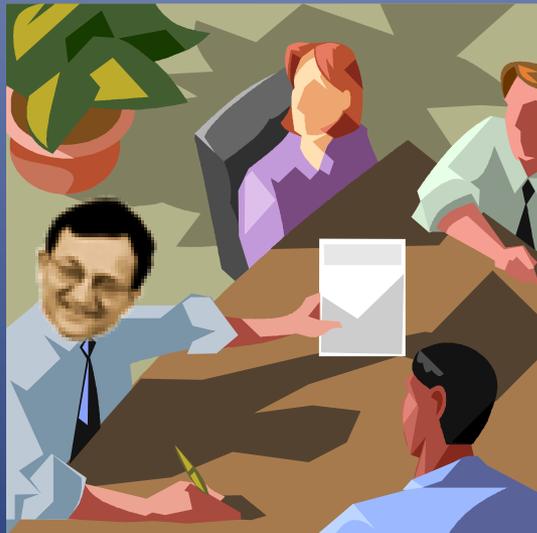

Somebody got angry about that, because it was Everybody's job.

Everybody thought Anybody could do it, but Nobody realized that Everybody wouldn't do it.

It ended up that Everybody blamed Somebody when Nobody did what Anybody could have done.

Are you lonely?

Hate having to make decisions?

Rather talk about it than do it?

Then why not

HOLD A MEETING

Feel important

Sleep in peace

Offload decisions

Get to see other people

Impress (or bore) your colleagues

Learn to write volumes of meaningless notes

And all in work time

The Balls of Life

Work – Family – Health – Friends – Spirit

- Work is a rubber ball. If you drop it, it will bounce back.
- The other four balls are made of glass. If you drop one of these, they will be irrevocably scuffed, marked, nicked, damaged or even shattered.
- They will never be the same. You must understand that and strive for balance in your life.

How?

1. Don't undermine your worth by comparing yourself with others. It is because we are different that each of us is special.
2. Don't set your goals by what other people deem important. Only you know what is best for you.
3. Don't take for granted the things closest to your heart. Cling to them as you would your life, for without them, life is meaningless.
4. Don't let your life slip through your fingers by living in the past or for the future. By living your life one day at a time, you live ALL the days of your life.
5. Don't give up when you still have something to give. Nothing is really over until the moment you stop trying.
6. Don't be afraid to admit that you are less than perfect. It is this fragile thread that binds us together.

How?

7. Don't be afraid to encounter risks. It is by taking chances that we learn how to be brave.
8. Don't shut love out of your life by saying it's impossible to find. The quickest way to receive love is to give; the fastest way to lose love is to hold it too tightly; and the best way to keep love is to give it wings.
9. Don't run through life so fast that you forget not only where you've been, but also where you are going.
10. Don't forget that a person's greatest emotional need is to feel appreciated.
11. Don't be afraid to learn. Knowledge is weightless, a treasure you can always carry easily.
12. Don't use time or words carelessly. Neither can be retrieved.

The Power of "I" - Leadership Poem

I WILL DO MORE

I am only one, but I am one.

I cannot do everything, but I can do something.

And what I can do, I ought to do.

And what I ought to do, by the grace of God, I will do.

I will do more than belong...I will participate.

I will do more than care...I will help.

I will do more than believe...I will practice.

I will do more than be fair...I will be kind.

I will do more than dream...I will work.

I will do more than teach...I will inspire.

I will do more than earn...I will enrich.

I will do more than give...I will serve.

I will do more than live...I will grow.

I will do more than talk...I will act.

I will be more than good...I will be good for something.
