THE LIST
Unscheduled Projects List

- Previously known as the Unscheduled “Needs” List (UNL)
- First established in 1988
- 2418 projects
- At or Over $80 billion (estimated 2009 dollars)
- Over 8500 miles of roadway
- Have a Project Identification Form for nearly every project
FIRST LOOK STUDIES

• Problem Statement or Description of Problems
• Purpose & Need
• Project Description
• Estimate
Systems Discussion will Begin With Phase I Design
What is going to happen to all of these bits and pieces?
Planning’s Vision

• Establish Priorities for Roadway Needs.

• To Begin Providing a Project Scope on all Six-Year Plan Projects.

• Assist with Maintaining a Manageable Road System.
Thank You
