Statewide Planning

Why Planning is Important?

It allows us to Plan and Design Projects that:
Better Define & Better Meets
the needs of the human and natural environment.

It also, allows us to Scope Projects to Establish a
Draft Purpose & Need
to help keep a project on track based on needs.

It assist with Maintaining a Manageable Road
System.

Basically,
It guides us to
Doing the Right Thing

Developing Two New Policies

- First Look Studies
- System Issues

FIRST LOOK STUDIES

Two Main Goals:

- Draft Purpose & Need
- Estimate

Systems Issues

- Begin in Phase I Design.
- Will help to determine
Preferred Alternative.
- Will help Manage
State Maintained Mileage.

Thank You
