

KENTUCKY TRANSPORTATION CABINET

AND

BENTLEY SYSTEMS INCORPORATED CIVIL COMMUNITY PROGRAM

INVITE YOU TO JOIN THEM FOR A BENTLEY TECHNOLOGY TRAINING SEMINAR!

Sustaining Transportation Infrastructure Seminar Featuring Power InRoads

October 20, 2011 | Frankfort, Kentucky

Mark your calendars – Bentley's complimentary Sustaining Transportation Infrastructure Seminar is coming to Kentucky! Join Bentley technology experts and the Kentucky Transportation Cabinet as you:

- Enrich your civil engineering skills through information modeling
- Network with KYTC engineers and increase your knowledge of KYTC standards
- Learn the advantages of project collaboration across offices and disciplines

Seats are going fast, so register today! Registration required and limited to first 250 registrants. Attend and accrue **Professional Development Hours** from the Kentucky Transportation Cabinet and **Bentley Learning Units** from Bentley Systems, Inc.

**Pave your way to success
with Bentley and the
Kentucky Transportation
Cabinet!**

KYTC Office Building and Conference Center

200 Mero Street
Frankfort, Kentucky

KYTC Employees must fill out the External Training Authorization & Registration Form (TC 12-242) and submit to their supervisor for approval to attend!
