

The Kentucky Transportation Cabinet (KYTC) Needs Your Input

KY 15 Widening Project
Item #10-376

Public Information Meeting
Thursday, July 11, 2019, 5:00 – 7:00 p.m.
LBJ Elementary School
90 LBJ Road, Jackson, KY 41339
An open house meeting format will be used
Stop by anytime between 5 p.m. and 7 p.m.

The proposed project would reconstruct and widen KY 15 through Jackson, from the intersection of KY 1812 to the new KY 15/KY 30 ramps, a distance of just over one mile. The purpose of the project is to improve mobility and safety. KYTC is considering a range of alternatives including “No Build.” Design efforts and environmental studies are underway, to be completed later this year. These will help KYTC define the costs and impacts associated with the proposed project.

The purpose of this meeting is to get input from the public on the proposed project, to assist in this decision-making process. KYTC is seeking your input on alternative preferences and to gain an understanding of important community and environment resources, including any low-income or minority populations. Handouts containing information about this project, comment sheets, and displays will be available at the meeting. Representatives from the KYTC and their consultants will be available to answer questions. Written and oral comments will be accepted during the meeting. Written comments will be accepted, and information made available, up to 15 days after the meeting at the District 10 Office address listed below.

Written and oral comments from this meeting will become a part of the official record for the project. Once compiled, the meeting record will be made available for review and copying only after an Open Records Request has been received and approved. All Open Records Requests must be submitted to the Office of Legal Services, Transportation Cabinet Office Building, 200 Mero Street, Frankfort, Kentucky 40622.
