

**PUBLIC MEETING**  
**Tuesday, Oct. 26, 2021**

4:30 p.m. - 6:30 p.m.  
Freedom Park Picnic Shelter  
550 Freedom Park Drive  
Edgewood, KY 41017

The Kentucky Transportation Cabinet (KYTC) is hosting a public meeting on roadway improvements that are being planned along Turkeyfoot Road, between Dudley Road and Dixie Highway, to reduce congestion, improve traffic flow, and make travel easier and safer. The session will be held on Tuesday, Oct. 26 from 4:30 to 6:30 p.m. at the Freedom Park picnic shelter, near the Edgewood Senior Center.

The stretch of Turkeyfoot Road between Dudley Road and Dixie Highway is approximately 1.4 miles long and currently supports more than 40,000 vehicles every day. Studies show that high traffic volumes in this small area, together with short distances between traffic signals and back-ups caused by left-turning vehicles, are the primary cause of congestion and travel delays in the area as well as higher-than-average crash rates. These problems are expected to worsen if unaddressed while the Northern Kentucky region continues to grow.

In consideration of current social distancing needs, the Oct. 26 meeting is being held outside. Information and materials shared will also be posted on the project website, [ImprovingTurkeyfootRoad.org](http://ImprovingTurkeyfootRoad.org), after the meeting to allow for further public review. Anyone who would like to review the proposed improvements but needs additional assistance can contact Mike Bezold, Branch Manager for Project Development for KYTC District 6, at 859.341.2700 or [mike.bezold@ky.gov](mailto:mike.bezold@ky.gov).

Below is a map highlighting the meeting location:
