The Kentucky Transportation Cabinet has scheduled a virtual project information meeting to inform the public and answer questions regarding improvements to the intersection of KY 686 and KY 713, in Mt. Sterling. On behalf of the Kentucky Transportation Cabinet and the entire Project Team, we would like to invite you to attend this virtual project review.

The meeting will consist of a formal presentation along with a live question and answer session immediately following the presentation. Representatives from the Highway Department, including our design consultant Burgess & Niple will be available via the “Q&A” feature on the virtual platform, to answer questions and address concerns related to the project. We strongly encourage anyone having an interest in this project to participate in this virtual public information meeting.

Please address any questions regarding this public information meeting to:
