high five
rural traffic safety project

Making Kentucky's Rural Roads Safer

High Five is a multi-agency effort to **prevent serious injury** and **fatal crashes** on Kentucky's rural roads through education, enforcement, engineering, and community partnerships.

YOU CAN HELP BY BUCKLING UP

The chances of surviving a traffic crash are 45% higher when properly restrained in a seat belt.

Scott County ranks 13th of 120 counties in Kentucky for speed related crashes.
