Good morning.

I am hoping to have a KTRAC meeting in June. My plan is to make it a hybrid format (in person and remote options). Please use the Doodle poll above to indicate your availability. Feel free to share with others.

The planned agenda at this point:

- Have each FY2023 grantee give a brief update on the progress of their project
- Discussion led by Sam and Len and Reg about their project and the performance measures we use for your systems

If others have additional items, please let me know and we will get them added.

I look forward to either seeing you all in person or remotely.

Sincerely,
Ed

Ed Harding
