**INTRODUCTION  
FOR  
AGGREGATE SOURCE BOOK**

The Kentucky Transportation Cabinet, Department of Highways, Division of Materials publishes the *Aggregate Source Book* as a service only.

The aggregate sources listed herein may or may not be included in the *Department's* List of Approved Materials. Only those sources shown on the List of Approved Materials have met the requirements of Section 804.02 and 805.02 of the *Standard Specifications for Road and Bridge Construction* manual. Sources that are not on the List of Approved Materials and are included in the *Aggregate Source Book* are to be considered as Unapproved Sources.

The Department makes no guarantee as to the quantity or quality of materials available at sources included in the *Aggregate Source Book*. The Department does not promote the use of any certain product or promote one supplier over another.

The Department does not imply that all Aggregate Sources that supply aggregates in Kentucky are listed in this book. Those sources that are not presently listed and desire to be included in the next publication need only to contact the Department through the Division of Materials by calling (502) 564-3160, with applicable information.
