

# KENTUCKY TRANSPORTATION CABINET

Kentucky TRNS\*PORT Information Series

SiteManager Materials Module

## Test and Fee Schedule Report Window

### Navigation

Main Panel \ Materials Management \ Approved Lists Reports \ Test and Fee Schedule Report

### General Description

The Test and Fee Schedule Report displays testing fee information.

### Procedure

In KYTC, the Test and Fee Schedule Report may be generated to view test charges associated with a test template. This report may be exported to a different format for analysis and/or saved to capture the test charge data for a certain date.

All SiteManager Users may access this report.

### Field Table

Field Name	KYTC Population Policy & Procedure
Test Method	Displays unique identifier of a test method. The identifier of a test template or the standard AASHTO tests included in SiteManager.
Test Description	Displays the descriptive name given to the test method. The description given on a test template or the standard AASHTO tests included in SiteManager.
Charge Amount	Displays the amount (positive number) charged to perform the test. Only required for KYTC defined test templates (not for any standard AASHTO tests included in SiteManager).
Billing Code	The agency-defined billing code. - KYTC will not be using this field.
AASHTO Indc	Displays whether or not the test template is an AASHTO test.
Template Type Indc	Indicates the type of template i.e., (B)asic, (T)est Specification, or (M)ix Design.
